Tsui,Carol Fabbri,George Peacock,2014-06-16 Don't believe the hype Tips from financial professionals on recognizing and avoiding overpriced overcomplicated and overly risky investments What if the most effective investment portfolio was also the easiest to manage and the least expensive As the authors of this clear practical and enlightening book part financial guide part expos prove there are just three simple rules you need to follow and only a few very inexpensive investment products that are necessary for an ideal portfolio The authors deftly bust investing's myths what they call investing's Seven Deadly Temptations and dispense with all the complicated confusing and self-serving advice of the Wall Street wolves By embracing commonsense solutions and rejecting investments that seem enticing but are overpriced needlessly complex and risky you'll put not only yourself in a stronger position but the entire economy as well **Real Estate Investing Made**
