Going Viral Dahlia Schweitzer, 2018-03-09 Outbreak narratives have proliferated for the past quarter century and now they have reached epidemic proportions From 28 Days Later to 24 to The Walking Dead movies TV shows and books are filled with zombie viruses bioengineered plagues and disease ravaged bands of survivors Even news reports indulge in thrilling scenarios about potential global pandemics like SARS and Ebola Why have outbreak narratives infected our public discourse and how have they affected the way Americans view the world In *Going Viral* Dahlia Schweitzer probes outbreak narratives in film television and a variety of other media putting them in conversation with rhetoric from government authorities and news organizations that have capitalized on public fears about our changing world She identifies three distinct types of outbreak narrative each corresponding to a specific contemporary anxiety globalization terrorism and the end of civilization Schweitzer considers how these fears stoked by both fictional outbreak narratives and official sources have influenced the ways Americans relate to their neighbors perceive foreigners and regard social institutions Looking at everything from *I Am Legend* to *The X Files* to *World War Z* this book examines how outbreak narratives both excite and horrify us conjuring our nightmares while letting us indulge in fantasies about fighting infected Others *Going Viral* thus raises provocative questions about the cost of public paranoia and the power brokers who profit from it Supplemental Study Materials for *Going Viral* <https://www.rutgersuniversitypress.org/going-viral-dahlia-schweitzer> Dahlia Schweitzer *Going Viral* <https://www.youtube.com/watch?v=5xF0V7WL9ow>

Wetwares Richard Doyle, 2003 The mind of the machine the body suspended in time organs exchanged thought computed genes manipulated DNA samples abducted by aliens the terrain between science and speculation fraught with the possibility of technological and perhaps even evolutionary transformations is the territory Richard Doyle explores in *Wetwares* In a manner at once sober and playful Doyle maps potentials for human transformation by new ecologies of information in the early twenty first century *Wetwares* ranges over recent research in artificial life cloning cryonics computer science organ transplantation and alien abduction Moving between actual technical practices serious speculative technology and science fiction Doyle shows us emerging scientific paradigms where life becomes more a matter of information than of inner vitality in short becomes wetwares for DNA and computer networks Viewing technologies of immortality from cryonics to artificial life as disciplines for welcoming a thoroughly other future a future of neither capital god human nor organism the book offers tools for an evolutionary transhuman mutation in the utterly unpredictable decades to come

Best Sellers, 1967 [Future survey annual : a guide to the recent literature of trends, forecasts, and policy proposals.](#) 16.1996 Michael Marien, 1996 **Bestseller** Robert McParland, 2018-12-15 Whether curled up on a sofa with a good mystery lounging by the pool with a steamy romance or brooding over a classic novel Americans love to read Despite the distractions of modern living nothing quite satisfies many individuals more than a really good book And regardless of how one accesses that book through a tablet a smart phone or a good old fashioned hardcover

those choices have been tallied for decades In Bestseller *A Century of America's Favorite Books* Robert McParland looks at the reading tastes of a nation from the beginning of the twentieth century to the present day Through extensive research McParland provides context for the literature that appealed to the masses from low brow potboilers like *Forever Amber* to Pulitzer Prize winners such as *To Kill a Mockingbird* Decade by decade McParland discusses the books that resonated with the American public and shows how current events and popular culture shaped the reading habits of millions Profiles of authors with frequent appearances from Ernest Hemingway to Danielle Steel are included along with standout titles that readers return to year after year A snapshot of America and its love of reading through the decades this volume informs and entertains while also providing a handy reference of the country's most popular books For those wanting to learn more about the history of American culture through its reading habits Bestseller *A Century of America's Favorite Books* is a must read

Teaching the Best Practice Way Harvey Daniels, Marilyn Bizar, 2005 Everyone talks about best practice teaching but what does it actually look like in the classroom How do working teachers translate complex curriculum standards into simple workable classroom structures that embody exemplary instruction and still let kids find joy in learning In *Teaching the Best Practice Way* Harvey Daniels and Marilyn Bizar present seven basic teaching structures that make classrooms more active experiential collaborative democratic and cognitive while simultaneously meeting best practice standards across subject areas and throughout the grades Each section begins with an essay outlining one key method providing its historical background and research results and then describing the structure's vital features Next several teachers representing different grade levels and school communities explain how they adopted the basic model adapted it to their students needs and made it their own Fully updating and expanding *Methods that Matter* Stenhouse 1998 *Teaching the Best Practice Way* adds the stories of twenty more celebrated teachers including James Beane Donna Ogle Franki Sibberson and others from around the country A brand new chapter focuses on reading as thinking detailing the ways teachers can nurture strategic readers readers who not only deeply understand the printed materials they encounter in school but who also bring these cognitive strategies to their reading of film art music and their experience of the world The book also shares new research studies that validate the principles and activities of best practice teaching along with lists of recommended materials that support each of the seven methods Unique in the field *Teaching the Best Practice Way* speaks to all teachers K 12 with stories examples and practical classroom materials for the teachers of all children This is the book for teachers schools and districts that believe the big ideas about teaching really do cross all grade levels and subject areas Education professors will also find this an ideal resource for use in methods courses

Virus of the Mind Richard Brodie, 2009 *Virus of the Mind* is the first popular book devoted to the science of memetics a controversial new field that transcends psychology biology anthropology and cognitive science Memetics is the science of memes the invisible but very real DNA of human society In *Virus of the Mind* Richard Brodie carefully builds on the work of scientists Ric **Princeton Alumni Weekly**, 1997
