creatures we call dinosaurs We are specifically going to talk and learn about the Ankylosaurus The Ankylosaurus is the famous armored dinosaur The Ankylosaurus was fully covered in hard armor like a tank and on the end of its tail was a club We are going to talk about its armor its tail and much much more When talking about dinosaurs it is important that you are using your brain to think and to imagine Imagination is really important when talking about dinosaurs since we rely on it to picture how the dinosaurs and looked and acted since we cannot see them in nature so learning and thinking about dinosaurs is also important since it makes you use your imagination and creativity to really go back in time and see the dinosaurs It is very important to flex your imagination because the imagination is something specific to you as a human being Imaginative vision is absolutely vital to you as a person because it is connected to how you think through problems and to how you perceive the world The world should be a mysterious and awe inspiring thing to you The very fact that dinosaurs gigantic animals in all shapes and sizes existed should fill you with wonder and hopefully excitement The very fact that anything exists at all should be exciting enough Your imagination makes boring things exciting and fills mundane things with significance if you are creative enough
