Jonathan Wilkins

The Art And Making Of Star Wars The Force Unleashed:

The Art and Making of Star Wars Haden Blackman, Brett Rector, 2008 The Force Unleashed chronicles the four year development of the anxiously awaited action packed video game The book reveals innovative game design concept and images three dimensional renders and behind the scenes photos

The Transmedia Franchise of Star Wars TV Dominic J. Nardi, Derek R. Sweet, 2020-11-11 While previous work on the Star Wars universe charts the Campbellian mythic arcs political representations and fan reactions associated with the films this volume takes a transmedial approach to the material recognizing that Star Wars TV projects interact with and relate to other Star Wars texts The chapters in this volume take as a basic premise that the televisual entrants into the Star Wars transmedia storyworld are both important texts in the history of popular culture and also key to understanding how the Star Wars franchise and thus industry wide transmedia storytelling strategies developed The book expands previous work to consider television studies and sharp cultural criticism together in an effort to bring both long running popular series long ignored texts and even toy commercials to bear on the franchise s complex history

The Publishers Weekly, 2008
