A Hole Where My Heart Should Be Michele Leembruggen, 2025-02-04 Vivid and compelling a memoir of childhood loss and betrayal of healing and redemption Immersive confronting and beautiful As a sensitive damaged young woman Michele Leembruggen craved love and security but it proved an elusive dream because she functioned from the blueprint of her abusive chaotic childhood which set her up to fail in a perpetual ground hog day To the outside world Michele projected an air of calm control and efficiency but on the inside something felt very wrong Under the weight of unresolved trauma her terror of intimate relationships and of life she succumbed to chronic anxiety and depression self medicating with alcohol and dissociating not realising she suffered from quiet borderline personality disorder and complex PTSD After many years of searching for a cure Michele found a trauma therapist who promised healing but whose own unresolved trauma threw Michele into a destabilising reenactment of her dysfunctional relationship with her borderline and narcissistic mother and she became pathologically obsessed When the worst happened and the therapist abruptly stopped seeing her Michele's fight for sanity and healing truly began *A Hole Where my Heart Should Be* is a beautifully written and insightful memoir of what it feels like to live with Complex Post Traumatic Stress Disorder and Quiet Borderline Personality Disorder of confronting our deepest fears and in doing so finding redemption and coming home to our true self

The Sacred Path Beyond Trauma Ellen Macfarland, Ph.D., 2008-06-03 One of Graham Greene's characters famously said I suffer therefore I am suggesting that pain is an inescapable and perhaps incurable part of the human condition But must this be so Ellen Macfarland argues otherwise in *The Sacred Beyond Trauma* Through the use of mythology stories from film and fiction real life examples and her personal history Macfarland shows that healing trauma is indeed possible using rich resources near at hand in nature The book explores major symbols of healing nature that can provide an impetus for personal transformation One of the case studies profiles Monty Roberts a well known horse trainer who overcame significant childhood abuse by working with horses and eventually fostering some forty children alongside his own biological family The key says Macfarland is using these and other natural symbols such as yin yang to balance the tension between trauma and numinosity sacredness transcendence resulting in the creation of a new way of being in the world Understanding this and the book's other nature based symbols
