

THE AMERICAN REVOLUTION

**A Concise History from Colonial Rebellion to the
War for Independence to the Constitution**

Eric Porterfield

The American Revolution A Concise History

United States. Marine Corps

The American Revolution A Concise History:

The American Revolution Robert J. Allison, 2015 Between 1760 and 1800 the people of the United States created a new nation based on the idea that all people have the right to govern themselves This Very Short Introduction recreates the experiences that led to the Revolution the experience of war and the post war creation of a new political society **The American Revolution** Eric Porterfield, 2023-06-10 *The American Revolution* Robert Sobel, 1967 **A Concise History of the United States of America** Susan-Mary Grant, 2012-03-05 Born out of violence and the aspirations of its early settlers the United States of America has become one of the world s most powerful nations The book begins in colonial America as the first Europeans arrived lured by the promise of financial profit driven by religious piety and accompanied by diseases which would ravage the native populations It explores the tensions inherent in a country built on slave labour in the name of liberty one forced to assert its unity and reassess its ideals in the face of secession and civil war and one that struggled to establish moral supremacy military security and economic stability during the financial crises and global conflicts of the twentieth century Woven through this richly crafted study of America s shifting social and political landscapes are the multiple voices of the nation s history slaves and slave owners revolutionaries and reformers soldiers and statesmen immigrants and refugees These voices help define the United States at the dawn of a new century **American Revolution** Robert Sobel, 1984-06-01 **A Concise History of the United States Marine Corps, 1775-1969** William D. Parker, 1971

A Concise History of the Haitian Revolution Jeremy D. Popkin, 2011-12-12 This book offers students a concise and clearly written overview of the events of the Haitian Revolution from the slave uprising in the French colony of Saint Domingue in 1791 to the declaration of Haiti s independence in 1804 Draws on the latest scholarship in the field as well as the author s original research Offers a valuable resource for those studying independence movements in Latin America the history of the Atlantic World the history of the African diaspora and the age of the American and French revolutions Written by an expert on both the French and Haitian revolutions to offer a balanced view Presents a chronological yet thematic account of the complex historical contexts that produced and shaped the Haitian Revolution *Army History*, 1989 *A Short History of the American Revolutionary War* Stephen Conway, 2013-04-12 The American war against British imperial rule 1775 1783 was the world s first great popular revolution Ideologically defined by the colonists formal Declaration of Independence in 1776 the struggle has taken on something of a mythic character From the Boston Tea Party to Paul Revere s ride to raise the countryside of New England against the march of the Redcoats and from the American travails of Bunker Hill 1775 to the final humiliation of the British at Yorktown 1781 the entire contest is now emblematic of American national identity Stephen Conway shows that beyond mythology this was more than just a local conflict rather a titanic struggle between France and Britain The Thirteen Colonies were merely one frontline of an extended theatre of operations with each superpower aiming to deliver the knockout blow This bold new history recognizes the war as the Revolution but situates it on the wider global

canvas of European warfare
Corps,1970

A Concise History of the United States Marine Corps, 1775-1969 United States. Marine
