Sandra L. Beckett

The Abhorsen Chronicles Old Kingdom:

The Oxford Companion to Fairy Tales Jack Zipes, 2015 This Oxford companion provides an authoritative reference source for fairy tales exploring the tales themselves both ancient and modern the writers who wrote and reworked them and related topics such as film art opera and even advertising

Restoring the Story Anne van Gend, 2024-03-29 Are we getting too squeamish about the atonement There is a quiet crisis of confidence in many Western churches Confusion debates and changing sensibilities have thrown doubt on whether one of our central doctrines can be reliably communicated as good news today This book approaches atonement through story allowing imagination to illuminate the multi faceted meanings in Christ s atoning work and exploring how those rich stories can be good news for the complex issues of our day

Bush, City, Cyberspace John Foster, Ern Finniss, Maureen Nimmo, 2005-06-01 Aimed at academic professional and general readers Bush city cyberspace provides a snapshot of the state of Australian children s and adolescent literature in the early twenty first century and an insight into its history In doing so it promotes a sense of where Australian literature for young people may be going and captures a literary and critical mood with which readers in Australia and beyond will identify The title of the work is intended to capture the fact that the field has changed dramatically in the century and a half that Australian children s literature has existed from the bush myths and heroism that inform the past and the present through the recognition that the vast majority of authors and readers live in cities to the third wave of cyberliterature that incorporates multimedia hypertext weblinks and e books none of which lessens the enduring enthusiasm of practitioners and readers for books Bush city cyberspace is not meant to be an encyclopedic volume Rather well known recent and or award winning works have been emphasised with the addition of others where these help to illuminate particular points The book is similar in coverage and approach to *Australian Children s Literature An Exploration of Genre and Theme* written by the same three authors and published by the Centre for Information Studies in 1995 In the intervening period much has changed in the field notable examples including the blurring of the dividing line between quality and popular literature the blending of genres the rise of a truly indigenous literature the demise to a significant extent of Outbackery in fiction the acceptance of multiculturalism as the norm and the advent of the literature of cyberspace with new methods and the sheer speed of communication between writer and reader All these trends and others are reflected in this work

"Throw the book away" Amie A. Doughty, 2013-05-11 Children s literature is an excellent way to educate children on everything from social behavior and beliefs to attitudes toward education itself A major aspect of children s literature is the importance of books and reading Books represent adult authority This book examines the role that books reading and writing play in children s fantasy fiction from books that act as artifacts of power *The Abhorsen Trilogy* *The Spiderwick Chronicles* *Harry Potter* to interactive books *The Neverending Story* *Malice Inkheart* to books with character writers *Percy Jackson* *Captain Underpants* The author finds that although books and reading often play a prominent role in fantasy for children the majority of young protagonists

gain self sufficiency not by reading but specifically by moving beyond books and reading *Sold by the Millions* Louise Lightfoot, Amit Sarwal, 2011-12-08 Australian genre fiction writers have successfully exploited the Australian landscape and peoples and as a result their books are today sold by the millions across boundaries They have created stories that are imaginative visionary and diverse They appeal to local and international readerships and most importantly are thoroughly entertaining thus making them a strong presence in the popular fiction bazaar *Sold by the Millions* Australia's Bestsellers is the first collection to concentrate on Australia's best selling material that forms the armchair reading of many Australians Leading experts of popular fiction provide introspective pieces on Romance Horror Crime Science Fiction Western Comics Travel Sports and Children's writing so that a wholesome picture emerges of the wide range of reading and research options available for scholars The Crossover Novel Rachel Falconer, 2008-10-21 Highly recommended by Choice While crossover books such as Rowling's Harry Potter series have enjoyed enormous sales and media attention critical analysis of crossover fiction has not kept pace with the growing popularity of this new category of writing and reading Falconer remedies this lack with close readings of six major British works of crossover fiction and a wide ranging analysis of the social and cultural implications of the global crossover phenomenon A uniquely in depth study of the crossover novel Falconer engages with a ground breaking range of sources from primary texts to child and adult reader responses to cultural and critical theory

Crossover Fiction Sandra L. Beckett, 2010-11-24 In *Crossover Fiction* Sandra L Beckett explores the global trend of crossover literature and explains how it is transforming literary canons concepts of readership the status of authors the publishing industry and bookselling practices This study will have significant relevance across disciplines as scholars in literary studies media and cultural studies visual arts education psychology and sociology examine the increasingly blurred borderlines between adults and young people in contemporary society notably with regard to their consumption of popular culture Fantasy Fiction Frances Sinclair, 2008 Handbook of fantasy fiction for teachers librarians parents and guardians and children themselves in which to find many titles of fantasy fiction that they like or may be tempted to read Includes groups such as classic fantasy comic fantasy Arthurian dark fantasy animals and dragons **After The Celebration** Ken Gelder, Paul Salzman, 2009-01-01 *After the Celebration* explores Australian fiction from 1989 to 2007 after Australia's bicentenary to the end of the Howard government In this literary history Ken Gelder and Paul Salzman combine close attention to Australian novels with a vivid depiction of their contexts cultural social political historical national and transnational From crime fiction to the postmodern colonial novel from Australian grunge to rural apocalypse fiction from the Asian diasporic novel to the action blockbuster Gelder and Salzman show how Australian novelists such as Frank Moorhouse Elizabeth Jolley Peter Carey Kim Scott Steven Carroll Kate Grenville Tim Winton Alexis Wright and many others have used their work to chart our position in the world The literary controversies over history identity feminism and gatekeeping are read against the politics of the day Provocative and compelling *After the Celebration* captures the key themes and issues in
