The Absolute Proof That God Does Not Exist:

The Christians' God Does Not Exist! Yes, He/She Does! Proncell F. Johnson Jr., 2018-02-22 The Christians God Does Not Exist Yes He She Does By Proncell F Johnson Jr Carl Sagan popular astronomer cosmologist astrophysicist and astrobiologist wrote *We are Star Stuff* which has taken its destiny into its own hands The scientific community basically agrees that everything is made of atoms Proncell F Johnson Jr says that they are all wrong Johnson shows that the material universe along with us mortals is one big illusion for all things are actually incorporeal spiritual the manifestation of the spiritual being we Christians have come to call God He says that the realization of and utilization of this fact will enable one to duplicate for himself the so called miracles of Christ Jesus in degrees thus proving the existence of this God and the non existence of matter Johnson s proof is based upon a law of physics that make it all but impossible to refute as the below reviews confirm *Philosophy through Film* Amy Karofsky, 2025-03-31 This fifth edition of *Philosophy through Film* uses recently released well received movies to explore answers to classic questions in philosophy in an approachable yet philosophically rigorous manner Author Amy Karofsky uses two films in each chapter to examine one long standing philosophical question and assess some of the best solutions to it that have been offered The chosen movies are not mere add ons to an otherwise straightforward introductory text instead they are fully integrated into the discussion of the issues and the various positions Each chapter also includes discussion questions an annotated list of films related to the chapter topic and two or three historically significant primary sources which are collected together at the end of the book Changes to the fifth edition include The replacement of older movies with four new focus films *Anatomy of a Fall* *Everything Everywhere All at Once* *Get Out* and *The Time Traveler s Wife* The addition of new primary readings from Roderick Chisholm Jerry Fodor Baron d Holbach and Susan Wolf Important new sections added to Chapter 1 on Truth The Identity Theory of Truth and Chapter 5 on Artificial Intelligence The I in AI A major overhaul of Chapter 6 on free will determinism and moral responsibility Updated notes throughout The films examined in depth are *Ad Astra* *Anatomy of a Fall* *Arrival* *Beautiful Boy* *Crimes and Misdemeanors* *Divergent* *Equilibrium* *Everything Everywhere All at Once* *Ex Machina* *Get Out* *Gone Baby Gone* *Her* *Inception* *Edge of Tomorrow* *The Matrix* *Memento* *A Serious Man* *Silence* *The Time Traveler s Wife* For a collection of Story Lines of the Discussed Films by Elapsed Time visit www.routledge.com/9781032544595 [A Proof for God's Existence](#) Travis Fentiman, 2025-06-14 Hebrews 1:3 says God is upholding all things by the word of his power If this is true then it should be for all created things that their existence and continuance has no sufficient explanation in their own natures but is due only to God willing them to exist Can this be proven from investigating the nature of things from nature s light It in fact can Aristotle s argument for God from change was developed through Thomas Aquinas and more recently by Edward Feser Fentiman has restylized it in a popular way in a new article See what you think if God has been proven to exist If so share it with people that need the Lord and Christians whom it would build up in the Faith **Creation & Evolution** Jay

Seegert,2014-09-26 This is a controversy that goes beyond mere facts discover what makes the difference Is there real evidence for either side in this controversy Why does the past or the issue of origins matter if you are a Christian Creation evolution intelligent design theistic evolution are these views compatible Do the questions of creation evolution and the Bible seem to be too complicated and confusing Do you want to know more about why the issue remains one for the Church today yet don't want to end up reading mind numbing details Whatever your stance on this issue you will find Creation Evolution to be both interesting and easy to understand Presenting the best information on both sides of the debate the book takes you on a fascinating discovery of the issues and their relevance to your faith With an engaging style diverse points and numerous quotes of interest the book is a fast track guide to understanding why God is found in the details of this critical debate

God's Creation James Tucker,2009-06-18 Veritas vos liberabit The truth shall set you free Karl Marx termed religion the opiate of the masses A kind of drug which most Christians utilize to ease their conscience and induce a feel good state of mind Gods Creation is an attempt to prompt Christians to get off the drug Not to withdraw from religion but just the opposite To withdraw from the complacent palliative and conscience easing state of mind of a part time Christian To replace this false feel good religion with a consciously arrived at faith and belief based upon facts utilizing a logical rational reasoning mind This book is disturbing and enlightening It is mind bending and life altering It is disconcerting as most will learn what their parents priests ministers or rabbis taught them was not necessarily the truth Gods Creation attempts to motivate the indifferent Christians to utilize their God given mind to seriously think about what they actually believe and to conduct their lives according to that belief Jesus warned Many are called but few are chosen Are you among the chosen few *The Case*

Against Moral Atheism Ken Wheeler,2014-09-26 What if you decided today that God did not exist Would that change your morality Would you still turn in an honest tax return Why If you are a single mother having a difficult time making ends meet would you steal from the cash drawer at work to buy food for your baby Why not If an adult decided to prey on young children why would that be morally different than a crocodile feasting on a baby monkey at the watering hole in the jungle Why has the law of the jungle changed just because the jungle is now Wall Street and the Internet If humanity evolved from primordial slime pools who gets to declare that the pedophile is a criminal and the croc is just functioning according to his evolved DNA Why should a person adopt moral values if he believes a Creator God does not exist Does the Chaos Theory provide an answer to that question or is it just an attempt by the Atheist to fill in the blank with anything but God while avoiding the obvious and logical challenges produced by the concept of a Godless morality *The Case Against Moral Atheism* challenges anyone who does not believe in a moral law giver above mankind to consider why they should live moral lives if this life is all there is

Forty Types of PROOFS of Actual Totality Marcus Bergh,2014-05-07 The one world problem has been central to knowledge for ages Of many approaches none has resolved the problem With great increases in knowledge there is now sufficient ideas concepts and means to show a unified ultimate totality *Actual Totality* is a book whose proofs

and detail provide the needed resolution The approach to unity is by forty types of proof from non existence to their combined sum It features those universals qualities continua kinds and varieties of actual totality whose proofs are most certain Certainty of proofs produces axioms that are most recognizable as laws Each type of proof has different laws whose integration and representation give excellent proof of actual totality Dependence on the observer observed relationship is the basis for relativity Dependence on the definite absolute quality of the human mind and person is the basis for the absoluteness seen in identity and self preservation Mind and matter are part of a continuum that is the basis and proof of actual totality Many other continuums make up actual totality including general and special mass energy length time static and dynamic The continua are dualities whose spectra form gradients It is these gradients that make up much of the detail and differential whose vertical integration proves actual totality The physical universe and the relative universe of civilization best human life and mind are large components of the general to special spectrum and varieties of actual totality There is massive interaction and potential to actual existence in and out of actual totality This occurs with increasing time In the near to mid term actual totality is stable and can be treated as a closed set In the far term both the actual and potential of actual totality undergo adaptation and alteration that best suits their existence with change With good representation an overview of the difference between actual totality as a stable and relatively exclusive world and potential changes in the long term become clear The many revolutions that accompany change and the role of language math proportions geometry design propelling and compelling forces that determine creation and evolution of life all reveal proofs of actual totality The core of actual totality or actual totality proper is centered on the here and now that proves unity in totality The individual groups and lives of all people more or less contribute to the whole depending on productivity that is most beneficial to the whole This is largely dependent on knowledge and its kinds Universal knowledge of the highest kind is the great dynamo of advancing actual totality How well actual totality supplies this need is the most important problem and solution of the next hundreds to thousands of years It is survival over extinction whose success will depend largely on proactive planning prevention preparation management and control They can be used to guide each and all persons to a better unified world by actual totality

Dawkins Revised Paweł Bloch, 2025-06-14 The Logical Fallacy of Dawkins In this inspiring and insightful analysis Paweł Bloch undertakes a logical examination of the key thesis in Richard Dawkins's *The God Delusion* the argument intended to serve as a bridge between evolution and atheism The conclusions are unequivocal Dawkins's reasoning contains a serious logical fallacy of *petitio principii* As a result the scientific value of the book's central argument is significantly undermined and its argumentative power is dramatically weakened Without its main thesis the book loses the crucial foundation to convincingly claim that God is a delusion Importantly the entire analysis has been additionally verified by an advanced artificial intelligence model Grok 3 which has issued its own independent and objective verdict This gives the study exceptional transparency and credibility and every reader using today's widely available AI tools can independently verify the

presented conclusions This is not only an invitation to reflect but also to embark on a fascinating intellectual adventure that regardless of one's worldview may prove to be unexpectedly revealing

Performing Atheist Selves in Digital Publics
Evelina Lundmark, 2023-02-24 This book considers how the non religious self is performed publicly online and how digital culture and technology shapes this process Building on a YouTube case study with women vloggers it presents unique empirical data on non organized atheism in the United States Lundmark suggests that the atheist self as performed online exists in tension between a perception of atheism as sinful and amoral in relation to hegemonical Christianity in the U S and the hyperrational male centered discourse that has characterized the atheist movement She argues that women atheist vloggers co effect third spaces of emotive resonance that enable a precarious counterpublicness of performing atheist visibility The volume offers a valuable contribution to the discussion of how the public the private and areas in between are understood within digital religion and opens up new space for engaging with the increased visibility of atheist identity in a mediatized society

"Ten Good Reasons: Why Benjamin Buchanan Believes in God" Graeme D. Buchan, 2012-11-16 This book provides through the semi fictional character Benjamin Buchanan strong but simply presented evidence for the existence of God Benjamin's ten good reasons are argued from the perspective of a scientist and Christian They are based on a combination of a logical reasoning and b his observations on the awesome literally combination of factors which have combined to make life possible on planet Earth including God's human family The book should inspire readers to see Earth its rich resources and lifeforms from a more reverential perspective essential in an environmentally and socially stressed planet
