The Acts Of Philip A New Translation:

The Acts of Philip François Bovon, Christopher R. Matthews, 2012 François Bovon and Christopher Matthews utilize manuscript evidence gathered within the last half century to provide a new translation of the apocryphal Acts of Philip. Discovered by Bovon in 1974 at the Xenophontos monastery in Greece the manuscript is widely known as one of the most unabridged copies of the Acts yet discovered. Bovon and Matthews' new translation incorporates this witness to the Greek text which sheds new light on the history of earliest Christianity.

The Fate of the Apostles Sean McDowell, 2015-11-28 The Book of Martyrs by John Foxe written in the sixteenth century has long been the go-to source for studying the lives and martyrdom of the apostles. While other scholars have written individual treatments on the more prominent apostles such as Peter, Paul, John, and James, there is little published information on the other apostles. In *The Fate of the Apostles*, Sean McDowell offers a comprehensive, reasoned historical analysis of the fate of the Twelve disciples of Jesus along with the apostles Paul and James. The brother of Jesus, McDowell assesses the evidence for each apostle's martyrdom as well as determining its significance to the reliability of their testimony. The question of the fate of the apostles also gets to the heart of the reliability of the kerygma: Did the apostles really believe Jesus appeared to them after his death, or did they fabricate the entire story? How reliable are the resurrection accounts? The willingness of the apostles to die for their faith is a popular argument in resurrection studies. In this thoroughly updated new edition, McDowell offers insightful scholarly analysis of this argument to break new ground within the spheres of New Testament studies, Church History, and apologetics.

The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric David Edward Aune, 2003-01-01 The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric details the variety of literary and rhetorical forms found in the New Testament and in the literature of the early Christian church. This authoritative reference source is a treasury for understanding the methods employed by New Testament and early Christian writers. Aune's extensive study will be of immense value to scholars and all those interested in the ways literary and rhetorical forms were used and how they functioned in the early Christian world. This unique and encyclopedic study will serve generations of scholars and students by illuminating the ways words shaped the consciousness of those who encountered Christian teachings.

The Oxford Handbook of Early Christian Apocrypha Andrew F. Gregory, Christopher Mark Tuckett, Tobias Nicklas, 2015 The Oxford Handbook of Early Christian Apocrypha addresses issues and themes that arise in the study of early Christian

apocryphal literature It discusses key texts including the Gospel of Thomas the Gospel of Mary the Gospel of Peter letters attributed to Paul Peter and Jesus and acts and apocalypses written about or attributed to different apostles Part One consists of authoritative surveys of the main branches of apocryphal literature gospels acts epistles apocalypses and related literature and Part Two considers key issues that they raise These include their contribution to our understanding of developing theological understandings of Jesus the apostles and other important figures such as Mary It also addresses the value of these texts as potential sources for knowledge of the historical Jesus and for debates about Jewish Christian relations the practice of Christian worship and developing understandings of asceticism gender and sexuality etc The volume also considers questions such as which ancient readers read early Christian apocrypha their place in Christian spirituality and their place in contemporary popular culture and contemporary theological discourse **Mary and Early Christian Women**

Ally Kateusz,2019-02-18 This book is open access under a CC BY NC ND license This book reveals exciting early Christian evidence that Mary was remembered as a powerful role model for women leaders women apostles baptizers and presiders at the ritual meal Early Christian art portrays Mary and other women clergy serving as deacon presbyter priest and bishop In addition the two oldest surviving artifacts to depict people at an altar table inside a real church depict women and men in a gender parallel liturgy inside two of the most important churches in Christendom Old Saint Peter s Basilica in Rome and the second Hagia Sophia in Constantinople Dr Kateusz s research brings to light centuries of censorship both ancient and modern and debunks the modern imagination that from the beginning only men were apostles and clergy **Re-Wiring The Ancient Novel, 2 Volume set** Edmund Cueva,Stephen Harrison,Hugh Mason,William Owens,Sandra Schwartz,2019-02-28 The Fifth International Conference on the Ancient Novel which was held in Houston Texas in the fall of 2015 brought together scholars and students of the ancient novel from all over the world in order to share new and significant developments about this fascinating field of study and its important place in the field of Classical Studies The essays contained in these two volumes are clear evidence that the ancient novel has become a valuable part of the Classics canon and its scholarly attempts to understand the ancient Graeco Roman world **Gospel of the Absurd** Robert Scot

Miller,2017-08-02 Gospel of the Absurd is a project that originates in the anarchic experiences of a crack cocaine addict who was knocked off his high horse by an experience of Jesus Having spent years as an enemy of the faith R Scot Miller came back to faith with the passion of a new convert infused with a subversive s heart for turning the world upside down In the process of stumbling every bit as much as he learned to walk in the light Miller begins to understand that the subversive claims of the gospel of Jesus as the Christ are not only the most meaningful response to the absurdity of the world but that such absurdity demands a community of action that makes the subversive Christ the credible response to a culture and Christendom run amok with power and greed Gospel of the Absurd is about an ethic informed by an absurd claim that being the claim that voluntary sacrifice of privilege is the proper response to human brokenness and the systems of domination that

have lured the church into apostasy Miller then explores whether the church by prioritizing care ethics over legislative or coercive justice is the salvific experience Jesus is calling us to engage in **Ancient Christian Apocrypha** Outi Lehtipuu, Silke Petersen, 2022-08-05 This latest volume in the Bible and Women series examines ancient noncanonical Christian texts for what they reveal about women their engagement with Scripture and attitudes toward them in texts dating to the second to eighth century Three sections include once forgotten texts rediscovered in locations such as Nag Hammadi those that have been in continuous use through the centuries and works written by women that are traditionally excluded from discussions of noncanonical texts Contributors Bernadette J Brooten Mar a Jos Cabezas Cabello Anna Carfora Ute E Eisen Judith Hartenstein Ursula Ulrike Kaiser Karen L King Outi Lehtipuu Heidrun Mader Antti Marjanen Silvia Pellegrini Silke Petersen Uwe Karsten Plisch Cristina Simonelli Anna Rebecca Solev g M Dolores Martin Trutet and Carmen Bernab Ubieta examine a range of texts including noncanonical gospels and acts poems prophecy and grave inscriptions History and the Study of Religion Stanley Stowers, 2024 How does one understand religion Can one explain religion How does one understand the craft and discipline of the historian How can one best bring together the study of religion with the craft and discipline of the historian I am a historian who works in the study of religion and believe that the present intellectual moment offers enormous in some ways unprecedented opportunities both in the study of religion and historiography But at the same time difficulties and dangers loom together with the opportunities My specialty and prime set of examples lie in the study of ancient Mediterranean religion if indeed there is something that can rightly be called Mediterranean religion or even called religion Many specialists in the study of religion and also many of those who study ancient cultures doubt or even reject outright religion as a cross historical category on the one hand and on the other anything common about religion across the ancient Mediterranean And some cognitive scientists who against religion specialists have argued for the centrality of gods to religion then agree with the skeptics that religion is not a coherent social object a social kind I will argue that long discredited forms of anti realism and untenable anthropocentrism haunt both groups Among other areas I work in Christianity and Judaism Do they belong to Mediterranean religion One can easily see how coming to an understanding of what religion is and what Mediterranean religion is form key questions I will argue that religion is a robust realistic entity a social kind and that ancient Mediterranean religion even with all of its great diversity operated with some key common principles It is no secret that Christianity and Judaism have presented themselves as unique and essentially untouched by an inferior and degenerate religiosity that characterized everyone else in the Mediterranean History looks different when one dispenses with such normatively heavy freight and situates the two within rather than outside of Mediterranean religion
