Stockton,1896 *The Adventures of Captain Horn* Frank Richard Stockton,2016-04-01 Exciting adventure though I can see why R Frank Stockton is lesser known compared to others like Jules Verne or R Louis Stevenson There are actually two portions to the adventure including an interlude that was a little tedious to stay focused upon But all in all a good discovery of a more obscure author **The Adventures of Captain Horn (Classic Reprint)** Frank Richard Stockton,2015-07-04 Excerpt from The Adventures of Captain Horn The sea had become almost quiet and there was time enough to do everything orderly and properly and in less than three hours after the vessel had been struck the two boats containing all the crew and the passengers besides a goodly quantity of provisions and water and such valuables clothing rugs and wraps as room could be found for were pulling away from the wreck The Captain who with his passengers was in the larger boat was aware that he was OH the coast of Peru but that was all he certainly knew of his position The storm had struck the ship in the morning before he had taken his daily observation and his room which was on deck had been carried away and in it every nautical instrument on board He did not believe that the storm had taken him far out of his course but of this he could not be sure all that he knew with certainty was that to the eastward lay the land and eastward therefore they pulled a little compass attached to the Captain s watch guard being their only guide For the rest of that day and that night and the next day and the next night the two boats moved eastward the people on board suffering but little inconvenience except from the labor of continuous rowing at which everybody excepting the two ladies took part even Ralph Markham being willing to show how much of a man he could be with an car in his hand About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an

The Adventures of Captain Horn Annotated Frank Stockton, 2020-06-16 This was the third best selling book in the United States in 1895 It begins Early in the spring of the year 1884 the three masted schooner Castor from San Francisco to Valparaiso was struck by a tornado off the coast of Peru The storm which rose with frightful suddenness was of short duration but it left the Castor a helpless wreck The Castor was an American merchant vessel commanded by Captain Philip Horn an experienced navigator of about thirty five years of age Besides a valuable cargo she carried three passengers two ladies and a boy But when the storm had passed and the sky was clear and the mad waves had subsided into a rolling swell there seemed no reason to believe that any one on board the Castor would ever reach Valparaiso The vessel had been badly strained by the wrenching of the masts her sides had been battered by the floating wreckage and she was taking in water rapidly Fortunately no one had been injured by the storm All of the row boats had been blown off of the ship but the crew was able to retrieve two of them from the sea and in less than three hours after the vessel had been struck the two boats containing all the crew and the passengers besides a goodly quantity of provisions and water and such valuables clothing rugs and wraps as room could be found for were pulling away from the wreck The adventure thus begins lost at sea somewhere off of the unsettled coast of Peru with only a vague idea of where they are
