The Wealth Advisors Guide to Life Insurance Michael Brohawn, 2019-06-05 Wealth advisors looking to gain a better understanding of the proper selection use and management of life insurance agree **The Wealth Advisors Guide to Life Insurance** is the concise handbook they have been looking for As one advisor said it deserves a place in every wealth advisor's reference library Easy to read the book takes a complicated subject and makes it easy to digest Written by an industry expert who has managed life insurance for fiduciaries nationwide for over a decade the book will be an essential resource for you providing the knowledge you need to help your clients maximize the benefits of life insurance As one industry expert said after reading the book there are other fine books on life insurance but none as concise and readable For more information about the book and its author you can visit MichaelBrohawn.com **The Advisor's Guide to Life Insurance** Harold D. Skipper, Wayne Tonning, 2011 Have you ever felt overwhelmed by the complexities of life insurance or when advising a client about a purchase This clearly written guide provides information essential to the exercise of due care for the purchase and retention of life insurance policies Major life insurance terms are clearly explained and information is organized starting with the insurance purchase and assessing a company's financial strength It also features a common sense explanation of fundamentals and how to determine the appropriate policy **Short and Simple Guide to Life Insurance** Alan Lavine, Gail Liberman, 2000-10-07 This is the book to read if you want to learn about life insurance You will learn to gauge your insurance needs Choose wisely among the different kinds of policies Pick the right insurance agent and company Use your policy to escape estate taxes Build up your cash reserves tax free with mutual fund **An Estate Planner's Guide to Life Insurance** Louis A. Mezzullo, 2009 **A Canadian's Guide to Money-Smart Living** Kelley Keehn, 2019-05-26 A Canadian's Guide to Money Smart Living will help the reader to understand how to live money smart providing step by step instructions on how to take control of his or her financial future Many of us feel that managing our money and financial future is hard work and out of our control which often leads to us ignoring the issue or putting it off for another day week or year Simple everyday solutions are available These start with learning the basics being comfortable with the topic of money in the household and finally asking a financial expert the right questions ***The Labor Guide to Retirement Plans*** James W. Russell, 2021-11-22 Researching retirement plans should not take the rest of your life even if deciphering the relevant paperwork seems to have become a full time job Deliberately elaborate legalese is obscuring the efforts of financial elites to seize control of workers collective retirement savings and **The Labor Guide to Retirement Plans** is here to translate In theory our national pension system Social Security should function well as a form of social insurance delivering partial retirement security while workplace 401 k's provide the rest The problem is that very few do Indeed most workers have weak workplace retirement plans if they have them at all and about half do not Neoliberal retirement reforms have made matters worse accelerating financial elites efforts to replace workers guaranteed pension plans with weak 401 k like savings accounts and

stock market investment schemes and ultimately enabling financial elites to seize control of workers collective retirement savings The result is arguably the largest source of labor value expropriation over the last four decades In light of all this what do workers need to know as they assess their future prospects especially in terms of the security their retirement plans may or may not bring What should union activists keep in mind as they push for the national and workplace reforms needed to produce greater retirement security This nuts and bolts book provides a much needed demystification of the retirement system Even more than that The Labor Guide to Retirement Plans enables us to take charge of our own personal futures as a first step towards taking back what belongs to us all
