John Rae, Arctic Explorer John Rae,2022-09-01 John Rae is best known today as the first European to reveal the fate of the Franklin Expedition yet the range of Rae s accomplishments is much greater Over five expeditions Rae mapped some 1 550 miles 2 494 kilometres of Arctic coastline he is undoubtedly one of the Arctic s greatest explorers yet today his significance is all but lost John Rae

Arctic Explorer is an annotated version of Rae's unfinished autobiography William Barr has extended Rae's previously unpublished manuscript and completed his story based on Rae's reports and correspondence including reaction to his revelations about the Franklin Expedition Barr's meticulously researched long overdue presentation of Rae's life and legacy is an immensely valuable addition to the literature of Arctic exploration [The Arctic Journal of Captain Henry Wemyss Feilden, R. A., The Naturalist in H. M. S. Alert, 1875-1876](#) Trevor Levere, 2019-11-04 The British Arctic Expedition of 1875-6 was the first major British naval expedition to the high Arctic where science was almost as important as geographical exploration There were hopes that the expedition might find the hypothetical open polar sea and with it the longed for Northwest Passage and it did reach the highest northern latitude to date The Royal Society compiled instructions for the expedition and selected two full time naturalists an unusual naval concession to science of whom one Henry Wemyss Feilden proved a worthy choice Feilden was a soldier who fought in most of the wars in his lifetime including the American Civil War on the Confederate side On board HMS Alert he kept a daily journal a record important for its scientific content but also as a view of the expedition as seen by a soldier revealing admiration and appreciation for his naval colleagues he performed whatever tasks were given to him including the rescue of returning sledge parties stricken by scurvy He also did a remarkably comprehensive job in mapping the geology of Smith Sound some of his work on the Cape Rawson Beds was the most reliable until the 1950s He was an all round naturalist and a particularly fine geologist and ornithologist He was not just a collector he pondered the significance of his findings within the context of the best modern science of his day in zoology Charles Darwin on evolution in botany Hooker on phytogeography and in geology Charles Lyell's system He illustrated his journal with his own sketches and also enclosed the printed programmes of popular entertainments held on the ship and verses for birthdays and sledging there was a printing press onboard The journal gives a vigorous impression of a ship's company well occupied through the winter then increasingly active in sledging and geographical discovery in spring before the scurvy induced decision to head home in the summer of 1876 After his return Feilden had dealings with many scientists and their institutions finding homes for and meaning in his collections [The Unofficial Guide to Adventure Travel in Alaska](#) Melissa DeVaughn, 2008-03-04 From the publishers of The Unofficial Guide to Walt Disney World A Tourist's Best Friend Chicago Sun Times Indispensable The New York Times Four Great Features and Benefits offered ONLY by The Unofficial Guide Lodging and dining rated for quality and value Great ideas for family travel An insider's guide to the top outfitters for every activity Complete planning information for escorted tours or travel on your own *Svalbard* Roger Norum, James Proctor, 2018-05-03 The Bradt guide to Svalbard Spitsbergen including Franz Josef Land and Jan Mayen is a unique standalone guidebook to this evocative Arctic archipelago a place that is plunged into darkness for four months each year and where there are 4 000 snow scooters for a population of just 2 500 This new sixth edition has been thoroughly updated throughout and offers new material on everything from adventure tours to accommodation environmental change to

restaurants Also covered are the restoration of Barentsburg and the opening of Svalbard's historic mines to visitors Newly updated and amended this edition reflects important recent changes in the archipelago making it the perfect guide to a quintessential bucket list destination Possibly the most remote destination in the developed world Svalbard is as off the beaten track as you can get in Europe today A destination where there are more polar bears than people Svalbard is the planet's most northerly settled land and the top if not the end of the world It was on and around Svalbard that most of David Attenborough's Frozen Planet was filmed A trip to Svalbard easily lends itself to notching up geographic superlatives most northerly kebab most northerly souvenir shop etc and adventurous travellers seek out experiences such as husky driving and hikes across the permafrost charmed by the island law that requires everyone to carry a rifle anywhere outside of Longyearbyen a constant reminder of Svalbard's 3 000 strong polar bear population The main tourist period falls in Svalbard's brief summer from June to August when it's light around the clock and not very cold However increasingly popular for winter sports especially because the next few years will enjoy unusually high Northern Lights activity are the so called light winter months March May when there is both sunlight and snow The winter season itself November December March offers many possibilities for outdoor adventure and the polar night is an experience in itself Despite winter temperatures that can drop to over 40 below zero Svalbard's glorious mountains majestic fjords and sprawling valleys are the perfect setting for adventurous journeys out to the back of beyond giving visitors a unique vantage point on a unique tourist destination This brand new edition of Svalbard provides all of the practical and background information you'll need to explore this wild place turning the hostile into the hospitable Bradt's Svalbard is written by Roger Norum an expert in the region who writes regularly on northern Norway for the press and who teaches Norwegian language and translation at University College London He is also a Research Fellow at the University of Leeds where he carries out research on the links between tourism travel writing and environmental change in the European Arctic
