Dystopia and Dispossession in the Hollywood Science Fiction Film, 1979-2017 Harry Warwick, 2023-02-15 Offering a survey of Hollywood science fiction cinema from 1979 to 2017 from Ridley Scott s Alien to Denis Villeneuve s Blade Runner 2049 Dystopia and Dispossessionin the Hollywood Science Fiction Film argues that the trajectory of Hollywood s dystopianism in that period is inextricable from the phenomenon of the new enclosures the new disposessions and privatisations sweeping across the United States since the 1970s More precisely it contends that the critiques of such disposessions elaborated before the turn of the century consider the satire of private policing in RoboCop 1987 the portrayal of commodified air in Total Recall 1990 and the nightmarish extrapolations of postmodern urbanism in Blade Runner 1982 and The Truman Show 1998 begin to disappear in films such as The Matrix 1999 The Island 2005 District 9 2009 Repo Men 2010 and The Purge 2013 the further commodification of land forest reservoir ideas even the human genome having diminished the contrast between capitalist and non capitalist spaces on which the earlier critiques depended Bringing close readings of blockbuster films into dialogue with historical and theoretical scholarship on dispossession Dystopia and Dispossessionin the Hollywood Science Fiction Film proposes a new understanding of the politics of science fiction in particular and utopian thought in general
