Global Trend Alien Invasion Fiction:

Alien-Invasion Films Mark E. Wildermuth, 2022-11-16 This book studies American science fiction films depicting invasions of the USA and Earth by extra terrestrials within the context of imperialism from 1950 2020 It shows how such films imagine America and its allies as objects of colonial control This trope enables filmmakers to explore the ethics of American interventionism abroad either by defending the status quo or by questioning interventionism The study shows how these films comment on American domestic hegemonic practices regarding racial or gender hierarchies as well as hegemonic practices abroad Beginning with the Cold War consensus in the 1950s the study shows how hegemony at home and abroad promotes division in the culture

Global Plant Invasions David R. Clements, Mahesh K. Upadhyaya, Srijana Joshi, Anil Shrestha, 2022-04-18 Invasive species have inspired concern for many reasons including economic and environmental impacts in specific jurisdictions within particular countries However it is apparent that for some invasive plant species political borders offer only weak barriers because these species have succeeded in invading many countries emerging as threats at a global level With this level of threat a number of books on invasive plants and invasive species in general have been published in recent years but none explicitly provides global coverage perhaps because it is only recently that the full geographical economic and environmental implications of widespread spread and adaptive nature of these particular invasive plants have been recognized We plan to make this volume unique by profiling plant invasions in explicitly geographical contexts on the world continents Chapters 5 11 as well as islands Chapter 12 and mountains Chapter 13 This global approach is supported by an overview of invasion biology and recent advances Chapter 1 and how different communities differ in invasibility Chapter 2 Global factors influencing invasion are introduced in Chapter 3 globalized trade and Chapter 4 climate change Key species are profiled through geographic treatments continent by continent Chapters 5 11 and for islands Chapter 12 and mountains Chapter 13 The impact of invasive plants is highlighted in Chapter 14 both in biotic and economic terms partly to counter the tendency for the young field of invasion biology to rely too much on anecdotal evidence This chapters is also designed to bring home the message that these are serious problems that must be dealt with as covered in the subsequent chapters The book concludes with three chapters casting light on solutions to the many problems described in the rest of the volume Chapter 15 features new innovative technologies that are being developed to monitor and manage invasive plants and Chapter 16 presents comprehensive strategies for public education and implementation of management on local and global scales Chapter 17 describes different future scenarios depending on current trends in plant invasion and its management just as climate change predictions employ various scenarios to project the future The future is very much up to us as humanity grapples with the question of how best to strategically meet the problems of global invasive plant problems that we ourselves have created that is further challenged by a changing climate We are confident that this book will be of interest to invasion biologists resource managers and the legion of others who must deal with these invasive plants across

the globe on a daily basis **The Oxford Handbook of Millennialism** Catherine Wessinger,2016-07 Seventh Day Adventists Melanesian cargo cults David Koresh s Branch Davidians and the Raelian UFO religion would seem to have little in common What these groups share however is a millennial orientation the audacious human hope for a collective salvation which may be either heavenly or earthly The Oxford Handbook of Millennialism offers readers an in depth look at both the theoretical underpinnings of the study of millennialism and its many manifestations across history and cultures *The Arthurian World* Victoria Coldham-Fussell,Miriam Edlich-Muth,Renée Ward,2022-06-30 This collection provides an innovative and wide ranging introduction to the world of Arthur by looking beyond the canonical texts and themes taking instead a transversal perspective on the Arthurian narrative Together its thirty four chapters explore the continuities that make the material recognizable from one century to another as well as transformations specific to particular times and places revealing the astonishing variety of adaptations that have made the Arthurian story popular in large parts of the world Divided into four parts The World of Arthur in the British Isles The European World of Arthur The Material World of Arthur and The Transversal World of Arthur the volume tracks the legend s movement across temporal geographical and material boundaries Broadly chronological each part views the unfolding Arthurian story through its own lens while temporal and geographical overlaps between the sections underscore the proximity of these developments in the legend s history Ranging from early Latin chronicles and Welsh poetry to twenty first century anime and political conspiracies this comprehensive and illuminating book will be of interest to anyone researching Arthurian literature or tracing the evolution of medievalism through literature the visual arts and popular culture Challenging Anthropocentrism in Eco-Science Fiction Novels Fatma Gamze Erkan,2024-01-03 This book explores the relationship between humanity and nature while challenging the notion that anthropocentric behaviour causes the environmental catastrophes depicted in the four selected British eco science fiction novels These novels are John Christopher s *The Death of Grass* 1956 J G Ballard s *The Drought* 1965 Brian Aldiss s *Earthworks* 1965 and John Brunner s *The Sheep Look Up* 1972 all of which fictionalise the fact that the consequences of environmental problems can be diverse but equally serious This book examines how even the smallest damage caused by human beings to the environment negatively affects them other living beings and the ecosystem they need to live and flourish In conjunction with these the factors and conditions that push characters in the novels to ignore and harm the environment are also scrutinised While examining how and why the environmental problems in the novels have arisen it is evaluated whether the authors propose solutions to these problems and if so what they are Prose Britannica Educational Publishing,2011-05-01 Narratives come in many forms fall into many genres and tell the stories of an endless assortment of characters Despite recurring themes and conceits in works from around the world each story from biography to science fiction is singular and designed to elicit a distinct emotional response from its readers The rhetorical tools and literary styles that have helped reinvent the art and study of storytelling over time are surveyed in this captivating volume Novel

Ecosystems Richard J. Hobbs, Eric S. Higgs, Carol Hall, 2013-01-07 Land conversion climate change and species invasions are contributing to the widespread emergence of novel ecosystems which demand a shift in how we think about traditional approaches to conservation restoration and environmental management They are novel because they exist without historical precedents and are self sustaining Traditional approaches emphasizing native species and historical continuity are challenged by novel ecosystems that deliver critical ecosystem services or are simply immune to practical restorative efforts Some fear that by raising the issue of novel ecosystems we are simply paving the way for a more laissez faire attitude to conservation and restoration Regardless of the range of views and perceptions about novel ecosystems their existence is becoming ever more obvious and prevalent in today's rapidly changing world In this first comprehensive volume to look at the ecological social cultural ethical and policy dimensions of novel ecosystems the authors argue these altered systems are overdue for careful analysis and that we need to figure out how to intervene in them responsibly This book brings together researchers from a range of disciplines together with practitioners and policy makers to explore the questions surrounding novel ecosystems It includes chapters on key concepts and methodologies for deciding when and how to intervene in systems as well as a rich collection of case studies and perspective pieces It will be a valuable resource for researchers managers and policy makers interested in the question of how humanity manages and restores ecosystems in a rapidly changing world A companion website with additional resources is available at www.wiley.com/go/hobbs/ecosystems *Excavating the Future* Shawn Malley, 2018 A cultural study of an array of popular North American science fiction film and television texts *Excavating the Future* explores the popular archaeological imagination and the political uses to which it is being employed by the U S state and its adversaries **International Companion Encyclopedia of Children's Literature** Peter Hunt, 2004-08-02 Children's publishing is a huge international industry and there is ever growing interest from researchers and students in the genre as cultural object of study and tool for education and socialization *Alien Zone* Annette Kuhn, 1990-05-17 A collection of essays bringing science fiction cinema into the ambit of film and cultural theory

The Top Books of the Year Global Trend Alien Invasion Fiction The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. Global Trend Alien Invasion Fiction : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
