Libraries Empowering Society through Digital Literacy Heather Todd, Prudence W. Dalrymple, Luisa Marquardt, Ning Zou, 2025-11-03. High speed connectivity, massive growth in social media, the ubiquity of mobile devices, and the emergence of artificial intelligence have led to information confusion, chaos, and complexity. The ability for everyone to create, find, evaluate, use, and apply information effectively is critical to successful personal, societal, and global outcomes. Libraries and librarians must adapt their services and instructional approaches to engage with digital natives, immigrants, and refugees to ensure all gain the competencies required by digital citizens. What constitutes digital literacy, and how can we do it better? This book explores concepts, frameworks, and practices in digital literacy to foster adoption of initiatives to extend digital literacy to all.

Fashion Communication in the Digital Age Paula von Wachenfeldt, Lorenzo Cantoni, Nadzeya Sabatini, Teresa Sádaba, 2025-11-18. A Match Made in Coven Camilla Isley, 2025-09-23. He's a prime suspect. She's supposed to arrest him, not fall for him. But what if he's the only one she can trust? Rival covens, a forbidden romance, and supernatural suspense come to a head in this spookily fun enemies-to-lovers romcom. When magical enforcer Sarah Michelle Callidora gets a call about a gruesome murder in Salem just before Halloween, she's ready for a long night of witchy detective work. What she's not prepared for is her principal suspect: the infuriatingly charming and inconveniently attractive Lorcan Blackheir, to a rival coven, and a wizard with a past as dark as his family's reputation. Lorcan has two problems: First, his business partner's been murdered with his enchanted dagger, making him suspect number one. Second, the

detective assigned to the case is the stubbornly beautiful witch he's expected to consider an enemy. Despite their centuries-old family feud, sparks fly, and not the magical kind. To clear his name and solve the murder, Lorcan offers to team up with Sarah Michelle. But the closer they get to the truth and to each other, the harder it is to deny the sizzling chemistry between them. With time running out, they must unravel a web of secrets past and present, confront their deepest fears, and resist falling into a dangerously tempting alliance that could prove more heated than the case they're trying to crack.

A Match Made in Coven is a bewitching romantic comedy filled with magic, mystery, and a love story that breaks all the rules. Get ready for a spellbinding ride that will leave you laughing, swooning, and turning pages faster than a witch on a broomstick. If you're looking for witchy books to read with light, spooky vibes, a cozy fall witch romance with lots of banter and plenty of magical twists, this paranormal witch romance is the perfect choice. With a captivating blend of mystery, humor, and charm, it's a paranormal romance with HEA sure to enchant you. Perfect for fans of Erin Sterling.

Once Upon a Curse for True Love Camilla Isley, 2025-10-07. Who knew the real curse would be falling in love. In the small town of Salem, Massachusetts, fall means three things: pumpkin spice lattes, tourists in witch hats, and more magical crimes than local ghost tours. For hacker witch Andromeda Swan, life is supposed to be simple: keep her magic off the radar, dodge trouble, and leave the mug shots to reality TV. Easy until a digital prank spirals into a supernatural murder investigation complete with cursed emails, unfair magical bureaucracy, and one aggravatingly gorgeous detective who'd rather see her in handcuffs than the not-fun kind. Detective Donatello Malatesta has no time for reckless witches, even if Andromeda's snark is almost as distracting as her smile. But when the case forces them into an uneasy alliance filled with late-night stakeouts, cursed evidence, and magical mayhem, their chemistry is suddenly more than just criminally good banter. With the fate of Salem on the line, Andromeda and Donatello must crack the case, outsmart the evil lurking in the dark, and survive each other long enough to figure out if what's brewing between them is more than a side effect of their forced proximity. Because love may be the most powerful magic of all, and the hardest curse to break.

[The Digital Future of English](#) Simone Murray, 2025-07-18 More than any other academic discipline literary studies is the creation of print culture How then can it thrive in the digital era Early 1990s predictions of the book s imminent demise presented a simplistic either or choice between the legacy of moribund print and triumphalist digital technology Yet we have grown to experience the two media as complexly interdependent and even complementary Clearly digital does not kill print But literary studies in the digital era cannot simply resume business as usual It is urgently necessary to reconsider the discipline s founding assumptions in light of digital technology The digital era prompts a rethinking of literary studies object of study as well as its methods theories audiences and pedagogical practices What counts as literature necessarily shifts in an age of proliferating born digital texts and do it yourself DIY online publication Where should literary studies sit institutionally and how might it graft contextually oriented social sciences methods onto its traditionally humanistic mode of textual analysis Why should literary study continue to marginalize emotional responses to texts when online communities bond via readerly affect Who is the audience for literary criticism in an age where expertise is routinely challenged yet communication with global book loving publics has never been technologically easier Finally how can we utilize digital tools to rejuvenate literary studies pedagogy and help English staff

better connect with millennial age students Literary studies has been convulsed for decades by debates over electronic literature and more recently digitally aided distant reading But these discussions still mostly confine themselves to demarcating our proper object of study We need to think more expansively about digital technology s impact on the underpinning tenets of the discipline Literary Media Studies is pitched at fellow literary scholars book historians media theorists cultural sociologists digital humanists and those working at the interface of these converging disciplines It models constructive engagement with contemporary digital culture Most importantly it brings a burst of sorely needed optimism to the question of literary studies digital future
