Postapocalyptic Fiction and the Social Contract Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We ll Not Go Home Again provides a framework for our fascination with the apocalyptic events The popular appeal of the end of the world genre is clear in movies novels and television shows Even our political debates over global warming nuclear threats and pandemic disease reflect a concern about the possibility of such events This popular fascination is really a fascination with survival how can we come out alive And what would we do next The end of the world is not about species

death but about beginning again This book uses postapocalyptic fiction as a terrain for thinking about the state of nature the hypothetical fiction that is the driving force behind the social contract The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian a Lockean or a Rousseauian lens including *Lucifer's Hammer* by Larry Niven and Jerry Pournelle *Alas Babylon* by Pat Frank *Malevil* by Robert Merle and *Into the Forest* by Jean Hegland The latter half of the book examines Octavia Butler's postapocalyptic Parable series in which a new kind of social contract emerges one built on the fact of human dependence and vulnerability *Sci-Fi Reader Trends* Emily

James, AI, 2025-02-19 *Sci-Fi Reader Trends* explores the curious paradox of science fiction a genre with often modest sales that wields significant cultural influence This book dives into how sci-fi's futuristic themes vibrant fan culture and complex sales data interplay to shape our world Delving into the genre's ability to act as a speculative laboratory it examines how science fiction anticipates technological innovation and critiques social structures impacting fields far beyond literature Did you know that science fiction conventions serve as vital hubs for both creativity and community showcasing the deep engagement of its fans The book navigates the history of science fiction from utopian beginnings to cyberpunk futures while also exploring the sociological implications of its fandom It reveals that the cultural impact of science fiction outweighs its commercial success Each section of the book offers a unique perspective beginning with an introduction to core concepts and historical relevance then examining futuristic themes fan culture and sales data The analysis then culminates in offering insight into possible future directions for the constantly evolving genre **Nordic Speculative Fiction** Jyrki

Contemporary Women's Post-Apocalyptic Fiction Susan Watkins, 2020-02-29 This book examines how contemporary women novelists have successfully transformed and rewritten the conventions of post apocalyptic fiction Since the dawn of the new millennium there has been an outpouring of writing that depicts the end of the world as we know it and women writers are no exception to this trend However the book argues that their fiction is distinctive Contemporary women's work in this genre avoids conservatism a nostalgic mourning for the past

and the focus on restoring what has been lost aspects key to much male authored apocalyptic fiction Instead contemporary women writers show readers the ways in which patriarchy and neo colonialism are intrinsically implicated in the disasters they envision and offer qualified hope for a new beginning for society culture and literature after an imagined apocalyptic event Exploring science nature and matter the posthuman body the maternal imaginary time narrative and history literature and the word and the post secular the book covers a wide variety of writers and addresses issues of nationality race and ethnicity as well as gender and sexuality
