Hush Little Baby Gal Ventura, 2023-07-15 In the nineteenth century France became fixated on infant sleep Pictures of sleeping babies proliferated in paintings posters and advertisements for cradles and toys Childcare manuals and medical writings insisted on the importance of sleep as a measure of a child's future health and vigour Infant sleep was transformed from an unremarkable event to a precarious stage of life that demanded monitoring support and above all the constant presence and attention of mothers *Hush Little Baby* uncovers the cultural medical and economic forces that came to shape Western ideas about infants sleeping patterns rituals and settings By the mid nineteenth century doctors were advising that infant sleep should be carefully controlled by caregivers according to medical guidelines and that to do otherwise would risk compromising a child's development A sleeping baby was seen as the sign of a good mother an idea that was reinforced through countless pictures of mothers watching vigilantly

over their sleeping children even as the reality of postpartum depression was known to doctors The medical advice literature also helped to create a commercial infant industry encouraging the production of clothing bedding cradles and accessories designed to foster sleep and providing new ways for families to demonstrate social status In *Hush Little Baby* Gal Ventura shows how these images and ideas about babies sleep created many of the standards and expectations that keep parents awake today

Proust's Snobs, Inverts, and Jews Adeline Soldin, 2025-03-06 An intersectional investigation of identity formation in Marcel Proust's magnum opus As metonyms for broader categories such as class sexuality and ethnicity the three most discussed identity groups in Proust's *la Recherche du Temps Perdu* snobs inverts and Jews prove to be deeply intertwined and perplexing representations Attentive to these interwoven complexities Proust's *Snobs Inverts and Jews* examines the novelist's exploitation of classification systems as a means to subvert the notion of a fixed identity To illustrate Proust's challenges to a social order that restricts our perceptions of identity Adeline Soldin addresses the inconsistencies and friction surrounding the portrayal of these key figures in his seven volume novel Many scholars have recognized that the narrator's formative journey in *La Recherche* leads to disillusionment and increased mockery of his fellow characters Soldin contends however that Proust does not merely deride characters behavior but rather interrogates their diverse motivations and tendencies thereby exposing the performative nature of identity Proust's *Snobs Inverts and Jews* draws on Judith Butler's theories of performativity to illustrate Proust's precocious portrayal of identity in *La Recherche* as an elusive unattainable idea that characters pursue yet consistently fail to establish Ultimately the enigmatic and anonymous narrator models fluidity and promotes fantasy and imagination to compensate for the limitations imposed on individuals by social and linguistic conventions

Swann's Way Marcel Proust, 2021-11-06 **Swann's Way** by Marcel Proust **Bowker's Guide to Characters in Fiction 2007**, 2008-02 **Forthcoming Books** Rose Arny, 1998-06 *Swann's Way, In Search of Lost Time (Deluxe Library Binding)* Marcel Proust, 2020-11-22 The Narrator is a sensitive young man who wishes to become a writer whose identity is kept vague As a child his anxiety at leaving his mother at night and his attempts to force her to come and kiss him goodnight culminates in a spectacular success when his father suggests that his mother stay the night with him The Narrator's anxiety leads to manipulation much like the manipulation employed by his invalid aunt Leonie and all the lovers in the entire book who use the same methods of petty tyranny to manipulate and possess their loved ones *Swann's Way* is considered to be Marcel Proust's most prominent work known both for its length and its theme of involuntary memory the most famous example being the episode of the madeleine which occurs early in the first volume While there is an array of symbolism in the work it is rarely defined through explicit keys leading to moral romantic or philosophical ideas The significance of what is happening is often placed within the memory or in the inner contemplation of what is described This focus on the relationship between experience memory and writing and the radical de-emphasizing of the outward plot have become staples of the modern novel but were almost unheard of in 1913
