Sydney And Simon Full Steam Ahead:

Sydney & Simon: Full Steam Ahead! Paul A. Reynolds, 2014-09-09 Twin mice solve a problem using STEAM in this early chapter book for young artists inventors and creative thinkers featuring illustrations from the award winning author illustrator of The Dot Sydney and Simon are twin mice on a mission They want to enter their flowers in the neighborhood flower show but the flowers in the window box are wilting in the city heat and the window is jammed How are they going to get water to their blossoms so they ll live and flourish in time for the show Sydney and Simon are lucky to be growing up in a curious and creative family and are encouraged to ask questions experiment and record their findings through writing art music and video Their mother is a scientist and their father is a poet Their family motto is When the going gets tough the creative get going Utilizing the S T E A M Science Technology Engineering Arts and Math philosophy of learning this brightly illustrated story shows how an interdisciplinary studies model helps Sydney and Simon achieve their goals In a practical fun and hands on way young readers will be inspired to interact with their own natural learning skills and start experiencing the world and their education in a whole new way

Sydney & Simon: Full Steam Ahead! Paul Reynolds, Peter Reynolds, 2014-09-09 Sydney and Simon are twin mice on a mission to save the wilting flowers in their window box During a humid heat wave their window got stuck and now they can t open it to water their blossoms before the neighborhood flower show The young chapter book underscores how the characters use STEAM Science Technology Engineering Arts and Math to learn about the water cycle on earth and in the home and ultimately to rescue their flowers Curious readers can learn more in a glossary and author s note

Sydney & Simon: Go Green! Paul A. Reynolds, 2015-10-13 STEAM problem solvers and twin mice Sydney and Simon learn about the dangers of pollution and the power of recycling in this illustrated chapter book for young readers Last we saw them Sydney Simon used science technology engineering arts and math skills to save wilting flowers in their window box Now the twin mice are back to apply STEAM thinking to recycling During a class field trip to the Aquarium Sydney is upset when she realizes that a green sea turtle has been harmed by garbage that made its way to the ocean She must convince Simon that even if others don t intend to litter the garbage everyone puts in a trashcan may accidentally get swept into sewers streams rivers and possibly end up in the ocean The twins collect data on the trash habits of their household and school and find they are all part of the problem They need to figure out a way that their family their neighborhood and their school can cut down on garbage production and make better use of their discarded items Short chapters paired with Peter H Reynolds s lively illustrations will inspire readers to take a closer look at their recycling habits and implement small changes to make a big difference

Come On Australia Lewis Frederickson, Victor Nurcombe, 2025-09-30 One man s bravery A generation s legacy Lieutenant Colonel Terence Patrick McSharry CMG DSO MC was one of the Australian Imperial Force s most respected battalion commanders a man whose service sacrifice and leadership stand as a shining example of the AIF s enduring values From the brutal slopes of Gallipoli to the decisive battles

of Bullecourt Passchendaele and Hamel McSharry's wartime experience spanned almost the entire duration of the Great War. He was among the first Australian officers to receive the Military Cross for gallantry, rising rapidly through the ranks to command the 15th Battalion with distinction. Tireless, courageous and deeply respected by his men, McSharry embodied values-based leadership at every level of command, from subaltern to lieutenant colonel. Despite his extraordinary career, his story has never been told until now. *Come on Australia* fills that long-standing gap while also highlighting the broader absence of detailed studies on AIF battalion commanders. It places McSharry among the finest of his peers, offering a deeply researched and humanising portrait of a man who led by example and died as he lived, attempting to rescue a wounded soldier under fire. This is more than just a military biography; it is an exploration of character and how excellence is built through habit and upheld through adversity. McSharry's life offers modern readers, military professionals and history enthusiasts an enduring lesson that courage, compassion and competence are as relevant today as they were more than a century ago. Terence McSharry's shows how one man's leadership can shape a force; his legacy still underpins Australia's role in coalition warfare today. An inspiring true story of courage, sacrifice and leadership on the battlefields of World War One. A powerful account of how AIF leadership, discipline and innovation shaped Australia's enduring military legacy. *My Cup Runneth Over* Cherry Whytock, 2003. Believing she is too big, fourteen-year-old Angel tries dieting and kick boxing to lose weight, but thanks to her friends and the school fashion show, she discovers that her size is just right. Includes recipes.

Ironbark Johanna Nicholls, 2012-08-01. Jake Andersen is a proud Currency Lad with a swagger in his step and a joke for his mates until he discovers the wife he is besotted with has left him and taken their young daughter with her. A prize fighter, Jake decides to take matters into his own hands and find his wife and the mongrel she ran off with. Fuelled by revenge, he starts a long search across the colony and vows to never trust good women again. Few people seem to think a gypsy girl like Keziah Stanley could ever be a good woman. Separated by the law from her beloved gypsy husband, Keziah decides to travel to Australia to find the love of her life. With her tarot cards and strong beliefs, Keziah boasts she can read anybody's future, but her own life is proving harder to read, let alone manage. Daniel Browne already knows what his future will be: the life of a great artist. And he is determined to follow his dream, no matter what. When this volatile trio is thrown together in Australia, they form an extraordinary, unexpected alliance that will challenge the establishment. Love, hate, survival and revenge: all will discover the truth.

Planning on the Edge Nick Gallent, Johan Andersson, Marco Bianconi, 2006-09-27. More than a tenth of the land mass of the UK comprises urban fringe: the countryside around towns that has been called planning's last frontier. One of the key challenges facing spatial planners is the land use management of this area, regarded by many as fit only for locating sewage works, essential service functions and other un-neighbourly uses. However, to others, it is a dynamic area where a range of urban and rural uses collide. *Planning on the Edge* fills an important gap in the literature, examining in detail the challenges that planning faces in this no-man's land. It presents both problems and solutions and builds a vision for

the urban fringe that is concerned with maximising its potential and with bridging the physical and cultural rift between town and country Its findings are presented in three sections the urban fringe and the principles underpinning its management sectoral challenges faced at the urban fringe including commerce energy recreation farming and housing managing the urban fringe more effectively in the future Students professionals and researchers alike will benefit from the book s structured approach while the global and transferable nature of the principles and ideas underpinning the study will appeal to an international audience
