Copyright Office,1974 **The New Expatriates** Anne-Meike Fechter,Katie Walsh,2013-09-13 While scholarship on migration has been thriving for decades little attention has been paid to professionals from Europe and America who move temporarily to destinations beyond the West Such migrants are marginalised and depoliticised by debates on immigration policy and thus there is an urgent need to develop nuanced understanding of these more privileged movements In many ways these are the modern day equivalents of colonial settlers and expatriates yet the continuities in their migration practices have rarely been considered The New Expatriates advances our understanding of contemporary mobile professionals by engaging with postcolonial theories of race culture and identity The volume brings together authors and research from

across a wide range of disciplines seeking to evaluate the significance of the past in shaping contemporary expatriate mobilities and highlighting postcolonial continuities in relation to people practices and imaginations Acknowledging the resonances across a range of geographical sites in Asia Africa and the Middle East the chapters consider the particularity of postcolonial contexts while enabling comparative perspectives A focus on race and culture is often obscured by assumptions about class occupation and skill but this volume explicitly examines the way in which whiteness and imperial relationships continue to shape the migration experiences of Euro American skilled migrants as they seek out new places to live and work This book was originally published as a special issue of the Journal of Ethnic and Migration Studies
