[A Research Guide to Gothic Literature in English](#) Sherri L. Brown, Carol Senf, Ellen J. Stockstill, 2018-03-15 The Gothic began as a designation for barbarian tribes associated with the cathedrals of the High Middle Ages. It was used to describe a marginalized literature in the late eighteenth century and continues today in a variety of forms: literature, film, graphic novel, video games, and other narrative and artistic forms. Unlike other recent books in the field that focus on certain aspects of the Gothic, this work directs researchers to seminal and significant resources on all of its aspects. Annotations will help researchers determine what materials best suit their needs. **A Research Guide to Gothic Literature in English** covers Gothic cultural artifacts such as literature, film, graphic novels, and videogames. This authoritative guide equips researchers with valuable recent information about noteworthy resources that they can use to study the Gothic effectively and thoroughly.
