After

Dispensationalism Brian P. Irwin, 2023-05-03 What God wants his people to know about the end times Christians fixation on the end times is not new While eschatological speculation has sometimes resulted in distraction or despair Scripture does speak about the end So what does God most want us to know and do with prophecy In After Dispensationalism Brian P Irwin and Tim Perry sympathetically yet critically sketch the history beliefs and concerns of dispensationalism Though a minority view in the sweep of church history and tradition dispensationalism is one of the most influential end times systems today and there is much to learn from it And yet sometimes it gets sidetracked by overlooking the prophets main concerns Irwin and Perry reexamine the key texts and show that Ezekiel Daniel and Revelation primarily give a word of hope to God s people

Between Symbolism and Realism Bennie H. Reynolds III, 2011-11-16 Bennie H Reynolds analyzes of the language poetics of ancient Jewish historical apocalypses He investigates how the dramatis personae i e deities angels demons and humans are described in the Book of Daniel chapters 2 7 8 and 10 12 the Animal Apocalypse 1 Enoch 85 90 4QFourKingdoms a b ar the Book of the Words of Noah 1QapGen 5 29 18 the Apocryphon of Jeremiah C and 4QPseudo Daniel a b ar The primary methodologies for this study are linguistic and motif historical analysis and the theoretical framework is informed by a wide range of ancient and modern thinkers including Artemidorus of Daldis Ferdinand de Saussure Charles Peirce Leo Oppenheim Claude Lévi Strauss and Umberto Eco The most basic contention of this study is that the data now available from the Dead Sea Scrolls significantly alter how one should conceive of the genre apocalypse in the Hellenistic Period This basic contention is borne out by five primary conclusions For example while some apocalypses employ symbolic language to describe the actors in their historical reviews others use non symbolic language Some texts especially from the Book of Daniel are mixed cases Among the apocalypses that use symbolic language a limited and stable repertoire of symbols obtain across the genre and bear witness to a series of conventional associations While several apocalypses do not use symbolic ciphers to encode their historical actors they often use cryptic language that may have functioned as a group specific language The language of apocalypses indicates that these texts were not the domain of only one social group or even one type or size of social group *A History of the Apocalypse* Catalin Negru, 2018-07-26 Every generation of people think that their problems are the most important ever As history flows without interruption and doomsday scenarios fail the following generations focus on their own contemporary events ignoring or underestimating the past In this way people always see signs in their times and the end of the world is constantly a fresh subject
