TRANSGENDER MINDBENDER: How This 21st Century Fad is Mutilating Our Children Sheila S. Notwoke,2024-07-31 This startling expos shares the truth behind the transgender indoctrination movement targeting our children WARNING Contains adult content which can t be avoided when talking about sexuality genital surgery and more in the trans lifestyle It s cool to be trans Shockingly that s what our children are being led to believe by not only the media and the transgender community but also by some school employees other adults in their lives their peers social media and even politicians If you have a child in school a child about to enter school or an adult child heading to college after seeing the headlines in the news you are likely concerned about what your child may be exposed to And you should be Some bad actors are seeking to indoctrinate our children into the transgender community After all the more members they have the stronger they are and

the more legislation they can push But what if a child who is not trans thinks he or she is based on these brainwashing techniques How can we as parents protect our children from being emotionally and possibly physically mutilated based on this indoctrination Here s the good news 1 Many children and teens are claiming to be trans to get attention Everybody wants to be part of the in crowd and unfortunately trans is the cool thing to be now With the correct intervention parents and or therapists can stop this behavior 2 Most children who do actually have gender dysphoria outgrow it with no medical intervention 3 With the correct therapy children and young adults CAN recover from gender dysphoria Transgender Mindbender the second in a series of anti woke books by this author will help children recognize when they are being manipulated to the advantage of groups that do not have Christian morals and do not care about your child s mental or physical health Our children are being used as pawns in social and political experiments and it is time that we as parents put a stop to it The only way to do that is to teach our children the right way to live and how to recognize when someone is trying to indoctrinate them into a particular mindset that can wreak a lifetime of emotional and physical trauma Through this series of books by Clout Publishing we aim to help parents do just that
