Slave Erotica Volume 2:

The Cambridge World History of Slavery: Volume 2, AD 500–AD 1420 Craig Perry, David Eltis, Stanley L. Engerman, David Richardson, 2021-08-12 Medieval slavery has received little attention relative to slavery in ancient Greece and Rome and in the early modern Atlantic world This imbalance in the scholarship has led many to assume that slavery was of minor importance in the Middle Ages In fact the practice of slavery continued unabated across the globe throughout the medieval millennium This volume the final volume in The Cambridge World History of Slavery covers the period between the fall of Rome and the rise of the transatlantic plantation complexes by assembling twenty three original essays written by scholars acknowledged as leaders in their respective fields The volume demonstrates the continual and central presence of slavery in societies worldwide between 500 CE and 1420 CE The essays analyze key concepts in the history of slavery including gender trade empire state formation and diplomacy labor childhood social status and mobility cultural attitudes spectrums of dependency and coercion and life histories of enslaved people

Sex Slave in Cinema Aga Skrodzka, 2025-03-31 This book examines the visual politics of the cinematic figure of the sex slave from its origins in silent film to its iterations in

blaxploitation cinema European art cinema Nollywood and in its most concentrated form the Hollywood blockbuster thriller Through close analysis of several film texts that is informed by feminist theory visual studies critical race studies and the political economy of sex work this book argues that the sex slave has long functioned as a disciplinary spectacle that simultaneously commodifies and punishes female flesh The sex slave is used to sell a libidinal fantasy of rescue not of the trafficked woman or child but of the very economic and social order that exploits them **Sex, Slavery and the Trafficked Woman** Ramona Vijayarasa, 2016-03-03 Sex Slavery and the Trafficked Woman is a go to text for readers who seek a comprehensive overview of the meaning of human trafficking and current debates and perspectives on the issue It presents a more nuanced understanding of human trafficking and its victims by examining and challenging the conventional assumptions that sit at the heart of mainstream approaches to the topic A pioneering study the arguments made in this book are largely drawn from the author's fieldwork in Ukraine Vietnam and Ghana The author demonstrates to readers how a law enforcement and criminal justice oriented approach to trafficking has developed at the expense of a migration and human rights perspective She highlights the importance of viewing trafficking within a broad spectrum of migratory movement The author contests the coerced female victim archetype as stereotypical and challenges the reader to understand trafficking in an alternative manner introducing the counterintuitive concept of the voluntary victim Overall this text provides readers of migration and development gender studies women's rights and international law a comprehensive and multidisciplinary analysis of the concept of trafficking **Slavery and Sexuality in Classical Antiquity** Deborah Kamen, C. W. Marshall, 2021-06-29 Slavery and sexuality in the ancient world are well researched on their own yet rarely have they been examined together Chapters address a wealth of art literature and drama to explore a wide range of issues including gendered power dynamics sexual violence in slave revolts same sex relations between free and enslaved people and the agency of assault victims **Sacral Revolutions** Gottfried Heuer, 2013-12-16 Sacral Revolutions is a unique project reflecting the contribution that Andrew Samuels has made to the general field of psychoanalysis and Jungian analysis in both clinical and academic contexts Gottfried Heuer has brought together an international array of authors friends and colleagues of Samuels to honour his 60th Birthday As a result the collection provides a creative and cutting edge overview of a fragmented field The chapters demonstrate the profound sense of social responsibility of these analysts and academics whose concerns include the mysteries and hidden meanings in social and political life This open and engaging volume includes a previously unpublished interview with C G Jung adding to its usefulness as an essential companion for academics analysts therapists and students **Undesirability and Her Sisters** Tiffany E. Barber, 2025-05-20 In the wake of contemporary art's post Black turn and the mainstreaming of intersectionality Undesirability and Her Sisters Black Women's Visual Work and the Ethics of Representation charts a new genealogy of Black women's art that exposes the unfinished project of racial and gender empowerment in the twenty first century **Empire of Sacrifice** Jon Pahl, 2010-01-05 It is widely recognized that

American culture is both exceptionally religious and exceptionally violent. Americans participate in religious communities in high numbers yet American citizens also own guns at rates far beyond those of citizens in other industrialized nations. Since 9/11, United States scholars have understandably discussed religious violence in terms of terrorist acts, a focus that follows United States policy. Yet according to Jon Pahl, to identify religious violence only with terrorism fails to address the long history of American violence rooted in religion throughout the country's history. In essence, Americans have found ways to consider blessed some very brutal attitudes and behaviors both domestically and globally. In *Empire of Sacrifice*, Pahl explains how both of these distinctive features of American culture work together by exploring how constructions along the lines of age, race, and gender have operated to centralize cultural power across American civil or cultural religions in ways that don't always appear to be religious at all. Pahl traces the development of these forms of systemic violence throughout American history using evidence from popular culture including movies such as *Rebel without a Cause* and *Reefer Madness* and works of literature such as *The Narrative of the Life of Frederick Douglass* and *The Handmaid's Tale* to illuminate historical events. Throughout, Pahl focuses an intense light on the complex and durable interactions between religion and violence in American history from Puritan Boston to George W. Bush's Baghdad.
