Syria World War Politics Routledge:

The Politics of Mass Violence in the Middle East Laura Robson, 2020 Laura Robson examines the interactions between international and regional political economies of oil and water and the increasingly explicit colonial and postcolonial politics of ethno national identity centered around the question of Palestine arguing that the Middle East's emergence as a zone of violence only developed over the past century

Syria in World War I M Talha Cicek, M. Talha iek, 2019-12-12 The First World War quickly escalated from a European war into a global conflict that would cause fundamental changes in the Middle East Africa Asia and the Americas Its end signalled the dissolution of the Ottoman Empire which had controlled most of the Arab Middle East Over the wartime period millions of people across the Empire died as a result of warfare epidemics famines and massacres However for the Ottoman leaders their entry into the war was not just a response to a life or death struggle but rather presented them with an opportunity to transform the empire into a new type of state Syria in World War I brings together leading scholars working with original Turkish Arabic Armenian and German sources to present a comprehensive examination of this key period in Syria's history Together the chapters demonstrate how the war represented a radical break from the past for the Syrian lands which underwent crucial political economic social and cultural transformations It contextualises various facets of the then Unionist ruler of Syria Djemal Pasha as well as exploring the impact of the Ottoman leaders divergent policies on the Syrian lands and people which would undergo a series of political economic and ecological catastrophes whose traces are still evident in the region's collective memory Introducing a significant body of new information and considerably expanding the parameters of current debates Syria in World War I is of key interest to students and scholars of Middle East History as well as History of the Late Ottoman Empire and World War I History

Syrian-Kurdish Intersections in the Ottoman Period Stéfan Winter, Zainab Haj Hasan, 2024-07-31 Syrian Kurdish Intersections in the Ottoman Period is a collection of essays on different aspects of the history of the Kurdish people in Syria under the Ottoman Empire by specialists from Canada Cyprus Germany Iran Japan Jordan Lebanon the Netherlands Syria Turkey and the United States The book explores the junctures and crossings of Kurdish lives Syrian geography in the broadest terms and the Ottoman rule The contributors draw on new research in Ottoman Turkish and Arabic and a range of other archival and narrative sources to examine the history of Kurdish settlement in Syria including Ottoman sedentarization policies Kurdish notable families trade landowning Kurdish Bedouin relations Kurdish Ottoman civil servants Sufism and nineteenth century state reforms Syrian Kurdish Intersections in the Ottoman Period traces a social political economic and religious history across nearly 400 years

Sectarianism and Civil War in Syria Raymond Hinnebusch, Morten Valbjørn, 2025-04-14 As an epicentre of sectarian conflict before and after the Arab uprising Syria provides an excellent laboratory for the study of sectarianization This book compares variance in Syria's sectarianism over time and across place to expose its causes and its varying impact on Syria's society and polity The book begins with an introductory chapter

examining key approaches to and debates over sectarianism in Syria from which a framework of analysis is derived. Subsequent empirical chapters are divided into two sections. Several chapters examine key aspects of sectarianism at the national level looking at the interaction of sectarianism and state formation over the long term, the internal evolution of sectarianization during the uprising, the impact of the regional power struggle on Syria's sectarianization, and whether sectarianism was institutionalized by civil war governance in both regime and opposition controlled areas. A second set of chapters looks at sectarianism in Syria's different cities, regions, and communities, notably in Damascus, Homs, Hama, Aleppo, Idlib, the Alawi coast, and the Druze and Christian communities. The concluding chapter makes use of the analytical framework to systematically compare the evidence from the empirical cases in order to identify regularities. Providing nuanced insights into the Syrian case whilst informing broader theoretical discussions of sectarianism, this book will appeal to students, researchers, and general readers interested in Middle Eastern politics and political science generally.

Imperial Resilience Hasan Kayali, 2021-10-26 *Imperial Resilience* tells the story of the enduring Ottoman landscape of the modern Middle East's formative years from the end of the First World War in 1918 to the conclusion of the peace settlement for the empire in 1923. Hasan Kayali moves beyond both the well-known role that the First World War's victors played in reshaping the region's map and institutions and the strains of ethnonationalism in the empire's Long War. Instead, Kayali crucially uncovers local actors' searches for geopolitical solutions and concomitant collective identities based on Islamic commonality. Instead of the certainties of the nation-states that emerged in the wake of the belated peace treaty of 1923, we see how the Ottoman Empire remained central in the mindset of leaders and popular groups with long-lasting consequences.

States of Cultivation Elizabeth R. Williams, 2023-08-22 The final decades of the Ottoman Empire and the period of the French mandate in Syria and Lebanon coincided with a critical period of transformation in agricultural technologies and administration. Chemical fertilizers and mechanized equipment inspired model farms, while government officials and technocratic elites pursued new land tenure, credit lending, and tax collection policies to maximize revenue. These policies transformed rural communities and environments and were central to projects of reform and colonial control, as well as to resistance of that control. *States of Cultivation* examines the processes and effects of agrarian transformation over more than a century as Ottoman, Syrian, Lebanese, and French officials grappled with these new technologies, albeit with different end goals. Elizabeth Williams investigates the increasingly fragmented natures produced by these contrasting priorities and the results of their intersection with regional environmental limits. Not only did post-World War I policies realign the economic space of the mandate states, but they shaped an agricultural legacy that continued to impact Syria and Lebanon post-independence. With this book, Williams offers the first comprehensive account of the shared technocratic ideals that animated these policies and the divergent imperial goals that not only reshaped the region's agrarian institutions but produced representations of the region with repercussions well beyond the mandate's end.

Post-Conflict Power-Sharing Agreements

Imad Salamey, Mohammed Abu-Nimer, Elie Abouaoun, 2017-07-27 The book surveys comparative power sharing models implemented in societies that have faced identity conflicts with attention given to post conflict design It analyzes the success and pitfalls of international experiences before proposing a model for Syria Contributors address the central question which among the set of power sharing agreements that have helped settle protracted identity driven armed conflict can provide Syria with a platform for dialogue negotiation and conflict mitigation The comparative analysis advanced in this book extracts lessons from countries such as Bosnia Herzegovina India Iraq Lebanon Mali Northern Ireland the Philippines and Sudan The prospect of a post conflict distribution of power in Syria is then unraveled from different sectarian ethnic and regional perspectives The authors also address challenges of peacebuilding such as violent extremism gender participation resettlements retributions transitional justice integration of armed groups and regional and international sponsorship

The Ottoman Twilight in the Arab Lands Selim Deringil, 2019-06-03 The Great War is still seen as a mostly European war The Middle Eastern theater is at best considered a sideshow written from the western perspective This book fills an important gap in the literature by giving an insight through annotated translations from five Ottoman memoirs previously not available in English of actors who witnessed the last few years of Turkish presence in the Arab lands It provides the historical background to many of the crises in the Middle East today such as the Arab Israeli confrontation the conflict ridden emergence of Syria and Lebanon the struggle over the holy places of Islam in the Hejaz and the mutual prejudices of Arabs and Turks about each other

Losing Istanbul Mostafa Minawi, 2022-12-06 Losing Istanbul offers an intimate history of empire following the rise and fall of a generation of Arab Ottoman imperialists living in Istanbul Mostafa Minawi shows how these men and women negotiated their loyalties and guarded their privileges through a microhistorical study of the changing social political and cultural currents between 1878 and the First World War He narrates lives lived in these turbulent times the joys and fears triumphs and losses pride and prejudices while focusing on the complex dynamics of ethnicity and race in an increasingly Turco centric imperial capital Drawing on archival records newspaper articles travelogues personal letters diaries photos and interviews Minawi shows how the loyalties of these imperialists were questioned and their ethnic identification weaponized As the once diverse empire comes to an end they are forced to give up their home in the imperial capital An alternative history of the last four decades of the Ottoman Empire Losing Istanbul frames global pivotal events through the experiences of Arab Ottoman imperial loyalists who called Istanbul home on the eve of a vanishing imperial world order

From Jihad to Politics Jerome Drevon, 2024-08-27 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations In From Jihad to Politics Jerome Drevon offers a comprehensive examination of the Syrian armed opposition tracing the emergence of Jihadi groups in the conflict their increasing dominance and their political transformation Drawing upon extensive field research and interviews with Syrian insurgents in
