Conflict Mediation in the Arab World Ibrahim Fraihat, Isak Svensson, 2023-10-30 The Middle East and North Africa region has been plagued with civil wars international interventions and increasing militarization making it one of the most war affected areas in the world today Despite numerous mediation processes and initiatives for conflict resolution most have failed to transform conflicts from war to peace Seeking to learn from these past efforts and apply new research Fraihat and Svensson present the first comprehensive approach to mediation in the Arab world taking on cases from Yemen to Sudan from Qatar to Palestine Syria and beyond Conflict Mediation in the Arab World focuses on mediation at three different levels of analysis between countries between governments and armed actors inside single countries and between different communities In applying this holistic method the editors identify similarities and differences in the conditions for conflict resolution and management Drawing upon the work of experts in the field with a deep understanding of the increasing complexities and changing dynamics of the region this volume offers a valuable resource for academics policy makers and practitioners interested in conflict resolution and management in the Middle East and North Africa

Foreign Policy of the Islamic Republic of Iran Przemyslaw Osiewicz, 2020-11-29 Providing a well balanced and impartial perspective on the foreign policy of the Islamic Republic of Iran this book contributes to a better understanding of the current foreign policy of Iran especially its internal and external determinants Combining theoretical and practical aspects it provides readers with a short analysis of Iranian foreign policy

The first part is dedicated to the Pahlavi era between 1925-1979. The second consists of three chapters covering issues relating to ideological and institutional aspects of Iranian foreign policy after 1979. The last part incorporates eight case studies which best present both regional and global dimensions. This comprehensive study contains a synthesis of views and opinions of commentators and scholars who often represent contradictory perspectives. Serving as a key reference and starting point for further studies, this book will be of interest to students and researchers studying Iranian foreign policy, international relations and Middle Eastern studies.

The Syrian Refugee Crisis Danilo Mandić, 2022-10-21. The Syrian war, the 21st century's most protracted and second deadliest conflict, has driven 5.6 million refugees and 6.6 million internally displaced into flight. As the civil war draws to a close, an autopsy of this historic and unprecedented refugee episode becomes feasible. Why did the war generate so many refugees? How did so many of them get to Europe? Who are these people and why did they leave? From whom were they fleeing and why? Did European policymakers alleviate or aggravate the refugee crisis? *The Syrian Refugee Crisis* argues that Syrian forced migration has been deeply misunderstood. Against conventional wisdom, it suggests that refugees engaged smugglers not just as traffickers or criminal exploiters but as natural allies and means to affirm asylum rights; that the politicization of refugees according to major actors' foreign policy priorities obfuscated the role of US and European foreign policy in generating massive displacement; and that restrictionist border policies on the Balkan Route were inhumane, incoherent, and counterproductive. Relying on extensive, rare fieldwork data from five countries comprising the Balkan Route—Jordan, Turkey, Greece, Serbia, and Germany—this book sheds light on the understudied, counterintuitive and often misunderstood dynamics of forced migration, refugee agency, border restrictionism, anti-smuggling policy, and migrant decision making in the 21st century.

Today We Drop Bombs, Tomorrow We Build Bridges Peter Gill, 2016-05-15. An indispensable inquiry into our moral health and humanity. LSE Review of Books. The war on terror has politicised foreign aid as never before. Aid workers are being killed at an alarming rate and civilians in war-torn countries abandoned to their fate. From the ravaged streets of Mogadishu to the unending struggle in Helmand, Peter Gill travels to some of the most conflict-stricken places on earth to reveal the true relationship between the aid business and Western security. While some agencies have clung to their neutrality against ever stiffer odds, others have compromised their impartiality to secure the flow of official funds. In a world where the advance of Islamic State constitutes the gravest affront to humanitarian practice and principle, the aid community has faced in decades what Gill poses the crucial question: can Western nations fight in a country and aid it at the same time?

Social Considerations of Migration Movements and Immigration Policies Erçetin, Şefika Şule, 2017-08-10. In the globalized era, a higher level of attention is given to various migration, immigration, and refugee movements. By undertaking research on these concepts, their impact on contemporary society can be better understood. *Social Considerations of Migration Movements and Immigration Policies* is a pivotal reference source for the latest scholarly material on the socio-economic effects of immigration and refugee crises on regional

and international levels Including a range of innovative perspectives such as peace building political refugees and civil protection this book is ideally designed for researchers academics graduate students policy makers and practitioners interested in the social dimensions of migration and immigration policies **AK4819 - TANKER TECHNIQUES**
