Saturday Review ,1947 Scandinavia and the Great Powers 1890-1940 Patrick Salmon,2002-04-11 At the beginning of the twentieth century Scandinavia lay on the margin of European power politics but with the polarisation of international relations in the era of the two world wars Denmark Finland Norway and Sweden became the point where the spheres of influence of three great powers Great Britain Germany and Russia intersected In this book Patrick Salmon uses his extensive research in British German and Scandinavian archives to examine the position of the Nordic countries in the great power rivalries and conflicts of the period 1890 1940 However it does not treat the Nordic countries merely as passive victims It seeks to show that despite the disparity in strength between the great powers and the small states of northern Europe the latter had means of adapting to great power pressures and even influencing the policies of their formidable neighbours
