Sweeter The Juice A Family Memoir In Black And White:

The Sweeter the Juice Shirlee T. Haizlip, 1995-04-01 The Sweeter the Juice is a provocative memoir that goes to the heart of our American identity Shirlee Taylor Haizlip in an effort to reconcile the dissonance between her black persona and her undeniably multiracial heritage started on a journey of discovery that took her over thousands of miles and hundreds of years While searching for her mother's family Haizlip confronted the deeply intertwined but often suppressed tensions between race and skin color We are drawn in by the story of an African American family Some members chose to cross over and pass for white while others enjoyed a successful black life Their stories weave a tale of tangled ancestry mixed blood and identity issues from the 17th century to the present The Sweeter the Juice is a memoir a social history a biography and an autobiography Haizlip gives to us the quintessential American story unveiling truths about race about our society and about the ways in which we all perceive and judge one another Sweeter the Juice Shirlee Taylor Haizlip, 1995-01-27 Author's memoir and history of her family spanning six generations chronicling what it is like to be racially mixed The Souls of Mixed Folk Michele Elam, 2011-02-21 The Souls of Mixed Folk examines representations of mixed race in literature and the arts that redefine new millennial aesthetics and politics Focusing on black white mixes Elam analyzes expressive works novels drama graphic narrative late night television art installations as artistic rejoinders to the perception that post Civil Rights politics are bereft and post Black art is apolitical Reorienting attention to the cultural invention of mixed race from the social sciences to the humanities Elam considers the creative work of Lezley Saar Aaron McGruder Nate Creekmore Danzy Senna Colson Whitehead Emily Raboteau Carl Hancock Rux and Dave Chappelle All these writers and artists address mixed race as both an aesthetic challenge and a social concern and together they gesture toward a poetics of social justice for the mulatto millennium The Souls of Mixed Folk seeks a middle way between competing hagiographic and apocalyptic impulses in mixed race scholarship between those who proselytize mixed race as the great hallelujah to the race problem and those who can only hear the alarmist bells of civil rights destruction Both approaches can obscure some of the more critically astute engagements with new millennial iterations of mixed race by the multi generic cohort of contemporary writers artists and performers discussed in this book The Souls of Mixed Folk offers case studies of their creative work in an effort to expand the contemporary idiom about mixed race in the so called post race moment asking how might new millennial expressive forms suggest an aesthetics of mixed race And how might such an aesthetics productively reimagine the relations between race art and social equity in the twenty first century **The Oxford Handbook of the Literature of the U.S. South** Fred Hobson, Barbara Ladd, 2016 The Oxford Handbook of the Literature of the U S South brings together contemporary views of the literature of the region in a series of chapters employing critical tools not traditionally used in approaching Southern literature It assumes ideas of the South global multicultural plural more Souths than South that would not have been embraced two or three decades ago and it similarly expands the idea of literature itself Representative of the

current range of activity in the field of Southern literary studies it challenges earlier views of antebellum Southern literature as well as in its discussions of twentieth century writing questions the assumption that the Southern Renaissance of the 1920s 1930s and 1940s was the supreme epoch of Southern expression that writing to which all that had come before had led and by which all that came afterward was judged As well as canonical Southern writers it examines Native American literature Latina o literature Asian American as well as African American literatures Caribbean studies sexuality studies the relationship of literature to film and a number of other topics which are relatively new to the field The Interethnic Imagination Caroline Rody,2009 Rody proposes a new paradigm for understanding the changing terrain of contemporary fiction She claims that what we have long read as ethnic literature is in the process of becoming interethnic Examining an extensive range of Asian American fictions she offers readings of three especially compelling examples Working with Multiracial Students Kendra R. Wallace,2006-09-01 Working with Mixed Heritage Students offers a collection of writings that bridges the social science and educational literature related to mixed heritage identity development and schooling in diverse contexts As such it is the first book of its kind to provide a direct focus on multiracial ethnic identity and formal education in the United States based on the scholarship of educational researchers The two common threads linking the chapters are the flexible yet situated nature of ethnic and racial identities among mixed heritage students and the importance of theorizing social contexts when interpreting and representing identity community and belonging In addition to exploring general themes of identity development Working with Mixed Heritage Students addresses theoretical and methodological issues in conducting research on topics related to mixed heritage students as well as implications for teacher preparation and educational practice Ultimately the authors brought together in this volume share a focus on recently mixed heritage students of first or second or third generation multiracial and multiethnic descent This diversity of perspectives on such a complex topic creates a tension within the book one that naturally emerges through interdisciplinary collaboration But it is hoped that this tension is just one of many that will lead to further reflection dialogue and action by researchers and educators working with like populations **The Multiracial Experience** Maria P. P. Root,1996 In her bold new edited volume The Multiracial Experience Maria P P Root challenges current theoretical and political conceptualizations of race by examining the experience of mixed race individuals Articulating questions that will form the basis for future discussions of race and identity the contributors tackle concepts such as redefining ethnicity when race is less central to the definition and how a multiracial model might dismantle our negative construction of race Researchers and practitioners in ethnic studies anthropology education law psychology nursing social work and sociology add personal insights in chapter opening vignettes while providing integral critical viewpoints Sure to stimulate thinking and discussion the contributors focus on the most contemporary racial issues including the racial classification system from the U S Census to the schools the differences between race ethnicity and colorism gender and sexuality in a multicultural context ethnic identity and identity formation

transracial adoption and the future of race relations in the United States The Multiracial Experience opens up the dialogue to rethink and redefine race and social relations in this country This volume provides discussions key to all professionals practitioners researchers and students in multicultural issues ethnic relations sociology education psychology management and public health Dr Maria P P Root's discussions are thoughtful analytical and informative Root argues that the emergence of a racially mixed population is transforming the racial character of the United States and that the increasing presence of multiracial people necessitates Americans to ask questions about their identity Canadian Review of Studies in Nationalism Finally in one volume ammunition for the informed debate about what multiculturalism means in the United States Lise Funderburg author of Black White Other Biracial

'Mixed Race' Studies Jayne O. Ifekwunigwe, 2015-03-24 Mixed race studies is one of the fastest growing as well as one of the most important and controversial areas in the field of race and ethnic relations Bringing together pioneering and controversial scholarship from both the social and the biological sciences as well as the humanities this reader charts the evolution of debates on race and mixed race from the nineteenth to the twenty first century The book is divided into three main sections tracing the origins miscegenation moral degeneracy and genetics mapping contemporary and foundational discourses mixed race identities politics and celebration debating definitions multiraciality census categories and critiques This collection adds a new dimension to the growing body of literature on the topic and provides a comprehensive history of the origins and directions of mixed race research as an intellectual movement For students of anthropology race and ethnicity it is an invaluable resource for examining the complexities and paradoxes of racial thinking across space time and disciplines

Passing Interest Julie Cary Nerad, 2014-07-01 Explores how the trope of racial passing continues to serve as a touchstone for gauging public beliefs and anxieties about race in this multiracial era The first volume to focus on the trope of racial passing in novels memoirs television and films published or produced between 1990 and 2010 Passing Interest takes the scholarly conversation on passing into the twenty first century With contributors working in the fields of African American studies American studies cultural studies film studies literature and media studies this book offers a rich interdisciplinary survey of critical approaches to a broad range of contemporary passing texts Contributors frame recent passing texts with a wide array of cultural discourses including immigration law the Post Soul Aesthetic contemporary political satire affirmative action the paradoxes of colorblindness and the rhetoric of post racialism Many explore whether one drop of blood still governs our sense of racial identity or to what extent contemporary American culture allows for the racially indeterminate individual Some essays open the scholarly conversation to focus on ethnic passers individuals who complicate the traditional black white binary while others explore the slippage between traditional racial passing and related forms of racial performance including blackface minstrelsy and racial masquerade

More Than Black G. Reginald Daniel, 2002 In the United States anyone with even a trace of African American ancestry has been considered black Even as the twenty first century opens a racial hierarchy still

prevents people of color including individuals of mixed race from enjoying the same privileges as Euro Americans In this book G Reginald Daniel argues that we are at a cross roads with members of a new multiracial movement pointing the way toward equality Tracing the centuries long evolution of Eurocentrism a concept geared to protecting white racial purity and social privilege Daniel shows how race has been constructed and regulated in the United States The so called one drop rule i e hypodescent obligated individuals to identify as black or white in effect erasing mixed race individuals from the social landscape For most of our history many mixed race individuals of African American descent have attempted to acquire the socioeconomic benefits of being white by forming separate enclaves or passing By the 1990s however interracial marriages became increasingly common and multiracial individuals became increasingly political demanding institutional changes that would recognize the reality of multiple racial backgrounds and challenging white racial privilege More Than Black regards the crumbling of the old racial order as an opportunity for substantially more than an improvement in U S race relations it offers no less than a radical transformation of the nation s racial consciousness and the practice of democracy
