The 14th Storm: A thriller-like dystopian cli-fi novel set in 2043 Daniel J Mooney, 2025-07-10 In 2043 the climate has finally changed The planet is ravaged by violent storms and failing crops and much of the world is now uninhabitable Amidst a world of hungry and desperate people the Department of Environmental Justice has been tasked with finding and executing those who have denied climate change On the eve of the 14th storm Broderick and Malley are asked to hunt the leader of a stirring rebellion but something feels wrong Broderick is shut off and interested only in exacting revenge Malley is sceptical and thinks their latest target is more politically motivated than their employer is letting on Their journey is upended by Fionnuala a young and idealistic runaway who is hopeful for the future and desperate to save the target Together the three of them must learn to adapt to the climate and the polarised groups if they are to survive Rarely have I seen satire and dystopian literature combined to such compelling effect Jack Fennell Daniel J Mooney is an Irish author Inspired by current events and global voices his debut *Me Myself and Them* was published in 2017 followed by *The Great Unexpected* in 2018

**Cli-Fi and Class** Debra J. Rosenthal, Jason de Lara Molesky, 2023-10-09 Since its emergence in the late twentieth century climate fiction or cli fi has concerned itself as much with economic injustice and popular revolt as with rising seas and soaring temperatures Indeed with its insistent focus on redressing social disparities cli fi might reasonably be classified as a form of protest literature As environmental crises escalate and inequality intensifies literary writers and scholars alike have increasingly scrutinized the dual exploitations of the earth's ecosystems and the socioeconomically disadvantaged *Cli Fi and Class* focuses on the representation of class dynamics in climate change narratives With fifteen essays on the intersection of the economic and the ecological addressing works ranging from the novels of Joseph Conrad Cormac McCarthy and Octavia Butler to the film *Black Panther* and the Broadway musical *Hadestown* this collection unpacks the complex ways economic exploitation impacts planetary well being and the ways climatic change shapes those inequities in turn

Mohr, Kirsten Sandrock, 2025-03-31 Perhaps more timely than ever Margaret Atwood's Aesthetics offers novel perspectives on both contemporary and canonical topics in Margaret Atwood's work with a special focus on the intersections of literature and politics Arguably one of the most political writers of our times Atwood's oeuvre subtly and overtly entangles readers in the dialectics of personal and political power asymmetries intrinsic to her

aesthetic practices The collection takes its cue from the concept of the artpolitical as coined by Crispin Sartwell whose afterword addresses Atwood's aesthetic and imaginative material world construction and explores the interrelationship between literatures and aesthetic as well as political systems in Atwood's works Individual chapters of Margaret Atwood's *Aesthetics* contribute to increasingly burning questions concerning the relevance of literature today by drawing on a variety of critical perspectives including Anthropocene studies gender intersectionality the nonhuman and the posthuman Mikhail Bakhtin's carnivalesque risk studies nationhood intermediality and teaching Chapters offer fresh views on some of Atwood's most prominent works such as *The Handmaid's Tale* and *The Testaments* and their transmedial adaptations while other chapters focus on Atwood's latest publications as well as on under researched works including her graphic novels and her web serialized publications Margaret Atwood's *Aesthetics* provides unique insights into the aesthetic and political power of Atwood's oeuvre arguing that literary and media representations and cultural adaptation practices contain a significant transformative potential that reaches beyond the page
