Narratives, Nerdfighters, and New Media Jennifer Burek Pierce, 2020-11-15 For decades we ve been warned that video killed the radio star and more recently that social media has replaced reading Nerdfighteria a first of its kind online literary community with nearly three million members challenges these assumptions It is the brainchild of brothers Hank and John Green who provide literary themed programming on their website and YouTube channel including video clips from John a best selling author most famous for his young adult book *The Fault in Our Stars* These clips not only give fans personal insights into his works and the writing process writ large they also provide unique access to the author inspiring fans to create their own fan art and make connections with one another In the twenty first century reading and watching videos are related activities that allow people to engage with authors and other readers Whether they turn to *The Fault in Our Stars* or titles by lesser known authors Nerdfighters are readers Incorporating thousands of testimonials about what they read and why Jennifer Burek Pierce not only sheds light on this particular online community she also reveals what it tells us about the changing nature of reading in the digital age In Nerdfighteria we find a community who shows us that being online doesn t mean disinterest in books

The Death and Life of Gentrification Japonica Brown-Saracino, 2026-01-13 A provocative account of what is gained and what is lost when a word that once narrowly referred to neighborhood change takes on a life all its own Sociologist Ruth Glass coined the term gentrification in the 1960s to mark the displacement of working class residents in London neighborhoods by the professional classes *The Death and Life of Gentrification* traces how

the word has far outgrown Glass's meaning becoming a socially charged metaphor for cultural appropriation upscaling and the loss of authenticity In this lively and insightful book Japonica Brown Saracino traces how a concept originally intended to describe the brick and mortar transformation of neighborhoods has come to characterize transformations that have little to do with cities She describes how journalists artists filmmakers novelists and academics use gentrification as a symbolic device to mourn how everyday pleasures and forms of self expression from music to marijuana kale and tattoos entered the domain of the elite She weighs the implications of turning to gentrification as a tool to tell stories entertain audiences and communicate political messages Relying on vivid examples the book reveals how the term today expresses widespread ambivalence about rising economic inequality and unease with a variety of forms of social change This pathbreaking book forces us to think about whether the wide ranging way we use gentrification dilutes its meaning and stymies efforts to identify and resist urban displacement Drawing on everything from film and television to novels and art *The Death and Life of Gentrification* sheds critical light on the changing meaning of gentrification in contemporary life The book is a must read for anyone interested in gentrification and urban dynamics as well as for readers curious about attitudes about growing income inequality and the evolution and circulation of ideas
