Sullivan III, 2020-01-10 The media vampire has roots throughout the world far beyond the shores of the usual Dracula inspired Anglo American archetypes Depending on text and context the vampire is a figure of anxiety and comfort humor and fear desire and revulsion These dichotomies gesture the enduring prevalence of the vampire in mass culture it can no longer articulate a single feeling or response bound by time and geography but is many things to many people With a global perspective this collection of essays offers something new and different a much needed counter narrative of the vampire s evolution in popular culture Divided by geography this text emphasizes the vampiric as a globetrotting citizen du monde rather than an isolated monster Futureblood Society: A Futuristic Urban Fantasy Series A.W.
