Chrisman,2015-04-07 On Sarah A Chrisman s twenty ninth birthday her husband Gabriel presented her with a corset The material and the design were breathtakingly beautiful but her mind immediately filled with unwelcome views Although she had been in love with the Victorian era all her life she had specifically asked her husband not to buy her a corset ever She d heard how corsets affected the female body and what they represented and she

wanted none of it However Chrisman agreed to try on the garment and found it surprisingly enjoyable The corset she realized was a tool of empowerment not oppression After a year of wearing a corset on a daily basis her waist had gone from thirty two inches to twenty two inches she was experiencing fewer migraines and her posture improved She had successfully transformed her body her dress and her lifestyle into that of a Victorian woman and everyone was asking about it In Victorian Secrets Chrisman explains how a garment from the past led to a change in not only the way she viewed herself but also the ways she understood the major differences between the cultures of twenty first century and nineteenth century America The desire to delve further into the Victorian lifestyle provided Chrisman with new insight into issues of body image and how women past and present have seen and continue to see themselves *Passion + Profit with Author Ecosystems* Monica Leonelle,2025-10-25 Are you tired of following marketing advice that feels completely wrong for how you work Wondering why strategies that work brilliantly for other authors leave you drained and frustrated The problem isn't your effort it's that you're trying to build someone else's business instead of your own Author Ecosystems reveals the six distinct creative archetypes that determine how you naturally write connect with readers and build sustainable success This isn't another one size fits all marketing system It's a personalized roadmap based on your unique creative energy patterns Are you a precision focused visionary who thrives on speed and strategic optimization like the Desert A systematic builder who creates comprehensive interconnected creative worlds like the Grassland A cultural moment creator who generates explosive impact through strategic timing like the Tundra A relationship focused author who builds loyal communities through consistent authenticity like the Taiga A healing centered storyteller who creates deep emotional connection and transformation like the Forest Or an immersive experience creator who builds devoted fandoms and cultural movements like the Aquatic What You'll Learn How to identify your core archetype and leverage your natural creative strengths Publishing paths traditional hybrid indie that align with your energy instead of draining it Audience growth strategies designed specifically for how your type connects with readers Creative production methods that work with your natural rhythm not against it Email marketing approaches that feel authentic to your archetype Sustainable paths to six figure success without burning out or compromising your creative vision Whether you're just starting your writing career or you're an established author ready to work smarter instead of harder this book provides the framework to build success on your terms Stop trying to force yourself into marketing strategies that weren't designed for you Start building the writing career that actually fits who you are Author Ecosystems was co created by Monica Leonelle and Russell Nohelty but this comprehensive guide represents Monica's complete vision for the system including the newly discovered sixth archetype the Taiga based on 2024 industry data Your creative DNA isn't a limitation It's your competitive advantage Perfect for aspiring beginning and intermediate authors building their first sustainable writing business as well as established authors ready to align their strategy with their authentic creative process **Samhain Shifters** Aimee Easterling,2022-02-14 Save with this complete series bundle
