Supporting Children and Youth Through

Spiritual Education Kirmani, Mubina Hassanali, Chapman, Amy L., Steele, Barbara M., Moallem, Mahnaz, Schroth, Stephen T., 2023-07-17 Across academic circles over the last few decades the interest and inquiry on spirituality continues to broaden. Currently the school system in the United States and many Western countries put their focus on academic achievement at the expense of preparing their students' inner cores for skills they will need to deal with a more complex and challenging world to come. Supporting Children and Youth Through Spiritual Education provides a platform for researchers and experts in the field of spirituality in children and youth to voice the urgent need for an educational system that truly nurtures the whole child. The book also considers the need to remove the misunderstandings about the terms spirituality and religion among those who work directly with children and youth. Covering key topics such as religion, cognitive development, and spiritual needs, this reference work is critical for principals, administrators, industry professionals, researchers, scholars, practitioners, academicians, instructors, and students.

Mother of Boys Survival Guide Suzy Shaw, 2024-11-22 Mothers of Boys Survival Guide is a book full of sensible insights on parenting boys. It is written with warmth, humor, and openness. If you are looking for practical advice from a big sister, you have found it. I love the wit, dedication, determination, and love with which the author approached mothering boys. I laughed out loud as I read the stories, I shook my head in agreement as I read the tips and strategies. This book is a treasure I will continue to turn to it for insight as I am now helping to raise grandchildren. Karyn B, mother of 3 boys and new grandmother. A heartwarming memoir about the joyful chaos of raising sons. Mothers of Boys Survival Guide is a personal and often humorous look into the delights of boy motherhood. It's packed with tried and true methods. This uplifting journey empowers mothers to succeed and survive through every stage of their parental journey. Matthew K, father of a two-year-old son. Visit MothersOfBoys for resources and more information.

Leading Technology-Rich Schools Barbara B. Levin, Lynne Schrum, 2015-04-25 This timely book shows how award-winning secondary schools and districts are successfully using technology and making systemic changes to increase student engagement, improve achievement, and reinvigorate the teaching and learning process. Through in-depth case studies, we see how experienced school and district leaders use technology in curricular, administrative, and analytical ways to meet the needs of 21st-century learners, educators, and communities. These cases reveal important details addressed by the leadership of these schools and districts that go beyond what they did with technology to include changes in school culture, curriculum, and teaching uses of assessment data, financial considerations, infrastructure, and involvement with the community. Book Features: Successful models from schools/districts experienced with using technology as a lever for school improvement; Case studies from diverse schools/districts across the country that show what works and how it works; A cross-case analysis that makes it easy to compare individual schools and identify common practices. Barbara B. Levin is a Professor in the Department of Teacher Education and Higher Education and Director of the Teachers Academy at the University of North Carolina at Greensboro. Lynne Schrum is Dean College of Education and Human Services, West Virginia University. Barbara B. Levin and

Lynne Schrum offer their readers the distinct advantage of compressing into a single volume what it took me decades to learn They not only present the big ideas of effective school leadership but bring them alive through case studies that illustrate how those ideas manifest themselves in leaders day to day behaviors I encourage you to use the ideas and practices you find here to leverage technology to create schools in which all students and adults thrive From the Foreword by Dennis Sparks Emeritus Executive Director National Staff Development Council Learning Forward Prepublication Reviews In Leading Technology Rich Schools the authors present a fascinating and exciting set of case studies that provide great insight into the ways leaders can support high level innovation in schools Importantly their focus is on technology that enhances learning and teaching rather than technology as an expensive school ornament A must read for those who study and practice educational leadership Jeffrey S Brooks Associate Professor and Educational Leadership Program Coordinator School of Education Iowa State University author of Black School White School Racism and Educational Mis leadership This book is a precious gift for the vast majority of administrators who desperately need concrete examples of how to create facilitate and sustain technology infused learning environments Scott McLeod Associate Professor and Founding Director CASTLE University of Kentucky These rich illustrations of technology leadership in secondary schools show how a number of complex variables must come together to produce the key outcome of positioning educational technology as a support to teaching and learning Examples of leadership practices that coordinate team members for interdependent work and invite teachers involvement should prove to be a valuable resource to practitioners and also provide insight to policymakers for how they can create supportive conditions for such work Sara Dexter Associate Professor Department of Leadership Foundations and Policy Curry School of Education University of Virginia Leading Technology Rich Schools is a key advance in understanding how technology can best be integrated in today s schools These case studies of effective practice are sure to become required reading for those in leadership positions who are using technology for school improvement Glen L Bull Samuel Braley Gray Professor of Education Curry School of Education University of Virginia The rubber meets the road in this well researched book with detailed stories of exemplary schools and school leaders that have leveraged technology as a key tool to make significant reforms stick Through these vivid case studies Levin and Schrum illuminate a dynamic and complex set of lessons learned to help all school leaders undertake transformations of their schools L Michael Golden CEO Educurious *Children and the Media* Everette E. Dennis, Edward C. Pease, various members of the entertainment scholarly and political communities including Senator Paul Simon Harvard professor Gerald Lesser television personality Fred Rogers and Representative Patricia Schroeder Children and the Media goes beyond predictable debates over children and media It considers various interest groups from consumer to producer with the intention of stimulating more disciplined intelligence on the topic thus leading to continuing creative [Into The Void Science - Issue #6](#) , Are birds spying on your learning your ways Have we just solved climate change with a new battery Is social media killing your social life Well if you want answers
