Books Promiscuously Read Heather Cass White, 2025-09-23 The critic and scholar Heather Cass White offers an exploration of the nature of reading Heather Cass White's *Books Promiscuously Read* is about the pleasures of reading and its power in shaping our internal lives It advocates for a life of constant disorderly time consuming reading and encourages readers to trust in the value of the exhilaration and fascination such reading entails Rather than arguing for the moral value of reading or the preeminence of literature as an aesthetic form *Books Promiscuously Read* illustrates the irreplaceable experience of the self that reading provides for those inclined to do it Through three sections Play Transgression and Insight which focus on three ways of thinking about reading *Books Promiscuously Read* moves among and considers many poems novels stories and works of nonfiction The prose is shot through with quotations reflecting the way readers think through the words of others *Books Promiscuously Read* is a tribute to the whole lives readers live in their books and aims to recommit people to those lives As White writes What matters is staying attuned to an ordinary unflashy mutely persistent miracle that all the books to be read and all the selves to be because we have read them are still there still waiting still undiminished in their power It is an astonishing joy

The Circuit Rowan Ricardo Phillips, 2025-06-25 Winner of the 2019 PEN ESPN Award for Literary Sports Writing *The Circuit* is the best sports book I've read in years maybe ever Rich Cohen author of *The Chicago Cubs* and *Monsters* As sports writing goes *The Circuit* is unusual in the very best way Rowan Ricardo Phillips writes with such fluidity and packs the book with bursts of brilliance This is a compulsively readable guide to one truly Homeric year of professional tennis John Green author of *The Fault in Our Stars* An energetic lyrical genre defying account of the 2017 tennis season In *The Circuit* A Tennis Odyssey the award winning poet and Paris Review sports columnist Rowan Ricardo Phillips chronicles 2017 as seen through the unique prism of its pivotal revelatory and historic tennis season The annual tennis schedule is a rarity in professional sports in that it encapsulates the calendar year And like the year it's divided into four seasons each marked by a final tournament the Grand Slams Phillips charts the year from winter's Australian Open where Roger Federer and Rafael Nadal renewed their rivalry in a match for the ages to fall's U.S. Open Along the way Phillips paints a new vibrant portrait of tennis one that captures not only the emotions nerves and ruthless tactics of the point by point game but also the quicksilver movement of victory and defeat on the tour placing that sense of upheaval within a broader cultural and social context Tennis has long been thought of as an escapist spectacle a bucolic separate bauble of life *The Circuit* will convince you that you don't leave the world behind as you watch tennis you bring it with you
