Postapocalyptic Fiction and the Social Contract Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We'll Not Go Home Again provides a framework for our fascination with the apocalyptic events The popular appeal of the end of the world genre is clear in movies novels and television shows Even our political debates over global warming nuclear threats and pandemic disease reflect a concern about the possibility of such events This popular fascination is really a fascination with survival how can we come out alive And what would we do next The end of the world is not about species death but about beginning again This book uses postapocalyptic fiction as a terrain for thinking about the state of nature the hypothetical fiction that is the driving force behind the social contract The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian a Lockean or a Rousseauian lens including Lucifer's Hammer by Larry Niven and Jerry Pournelle Alas Babylon by Pat Frank Malevil by Robert Merle and Into the Forest by Jean Hegland The latter half of the book examines Octavia Butler's postapocalyptic Parable series in which a new kind of social

contract emerges one built on the fact of human dependence and vulnerability

The Contemporary Post-Apocalyptic Novel Diletta De Cristofaro, 2019-12-26 Traditional apocalyptic texts concern the advent of a better world at the end of history that will make sense of everything that happened before But what is at stake in the contemporary shift to apocalyptic narratives in which the utopian end of time is removed The Contemporary Post Apocalyptic Novel offers an innovative critical model for our cultural obsession with the end by focussing on the significance of time in the 21st century post apocalyptic novel and challenging traditional apocalyptic logic Once confined to the genre of science fiction the increasing popularity of end of the world narratives has caused apocalyptic writing to feature in the work of some of contemporary literature s most well known fiction writers Considering novels by Will Self Cormac McCarthy David Mitchell Emily St John Mandel Jeanette Winterson and others Diletta De Cristofaro frames the contemporary apocalyptic imagination as a critique of modernity s apocalyptic conception of time and history Interdisciplinary in scope the book historicises apocalyptic beliefs by exploring how relentlessly they have shaped the modern world

The Post-Apocalyptic Novel in the Twenty-First Century H. Hicks, 2016-04-08 Since the beginning of the twenty first century major Anglophone authors have flocked to a literary form once considered lowbrow genre fiction the post apocalyptic novel Calling on her broad knowledge of the history of apocalyptic literature Hicks examines the most influential post apocalyptic novels written since the beginning of the new millennium including works by Margaret Atwood David Mitchell Cormac McCarthy Jeanette Winterson Colson Whitehead and Paolo Bacigalupi Situating her careful readings in relationship to the scholarship of a wide range of historians theorists and literary critics she argues that these texts use the post apocalyptic form to reevaluate modernity in the context of the new century s political economic and ecological challenges In the immediate wake of disaster the characters in these novels desperately scavenge the scraps of the modern world But what happens to modernity beyond these first moments of salvage In a period when postmodernism no longer defines cultural production Hicks convincingly demonstrates that these writers employ conventions of post apocalyptic genre fiction to reengage with key features of modernity from historical thinking and the institution of nationhood to rationality and the practices of literacy itself

Watkins,2020-02-29 This book examines how contemporary women novelists have successfully transformed and rewritten the conventions of post apocalyptic fiction Since the dawn of the new millennium there has been an outpouring of writing that depicts the end of the world as we know it and women writers are no exception to this trend However the book argues that their fiction is distinctive Contemporary women s work in this genre avoids conservatism a nostalgic mourning for the past and the focus on restoring what has been lost aspects key to much male authored apocalyptic fiction Instead contemporary women writers show readers the ways in which patriarchy and neo colonialism are intrinsically implicated in the disasters they envision and offer qualified hope for a new beginning for society culture and literature after an imagined apocalyptic event Exploring science nature and matter the posthuman body the maternal imaginary time narrativeand history literature and the word and the post secular the book covers a wide variety of writers and addresses issues of nationality race and ethnicity as well as gender and sexuality **After London** Richard Jefferies,2017-04-18 2017 Reprint of 1980 Edition Full facsimile of the original edition not reproduced with Optical Recognition software Originally published in 1885 Jefferies s novel can be seen as an early example of post apocalyptic fiction A sudden and unspecified catastrophe has depopulated England the countryside reverts to nature and the few survivors to a quasi medieval way of life The book has two parts The first The Relapse into Barbarism is the account by some later historian of the fall of civilization and its consequences with a loving description of nature reclaiming England fields becoming overrun by forest domesticated animals running wild roads and towns becoming overgrown the hated London reverting to lake and poisonous swampland The second part Wild England is largely a straightforward adventure set many years later in the wild landscape and society here too Jefferies was setting an example for the genre but the opening section despite some improbabilities has been much admired for its rigor and compelling narrative Escaping Extinction - The Extinction Series Book 5 Mike Kraus,Tara Ellis,2021-04-25 The jungle

This is the first overview of the serial vigilante genre, which featured such hard-boiled protagonists as Nick Carter, Mark Stone, Jake Brand, and the Able Team among the 130 series that followed Pendleton's novel. Serial vigilantes repeatedly take the law into their own hands, establishing and imposing their own moral standards, usually by force. The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys, private eyes, spies, and cops in different media. A complete bibliography for each series is featured. *36 Hours* Bobby Akart, 2016-08-07 WHAT WOULD YOU DO if a voice was screaming in your head: GET READY for a catastrophic event of epic proportions with no idea where to start or how or when?
