Sullivan,2011-12-14 The adventure continues as Royce and Hadrian aid the struggling kingdom of Melengar as it alone stands in defiance against the newly formed empire War approaches and a desperate gamble behind enemy lines is their only chance at forming an alliance with the Nationalists to the south But Royce has plans of his own as he uses this opportunity to discover if an ancient wizard is using Riyria as pawns in his own bid for power To find the truth Royce must unravel Hadrian s hidden past What he discovers will lead them to the end of the known world on a journey rife with treachery and intrigue When author Michael J Sullivan self published the first books of his Riyria Revelations they rapidly became ebook bestsellers Now Orbit is pleased to present the complete series for the first time in bookstores everywhere Time's Monster Priya Satia,2020-10-20 A New Statesman Best Book of the Year Powerful and radically important Robert Gildea Times Literary Supplement Bracingly describes the ways imperialist historiography has shaped visions of the future as much as the past Pankaj Mishra New York Review of Books An account of how the discipline of history has itself enabled the process of colonization A coruscating and important reworking of the relationship between history historians and empire Kenan Malik The Guardian For generations the history of the British Empire was written by its victors whose accounts of conquest guided the consolidation of imperial

rule in India the Middle East Africa and the Caribbean British historians narratives of the development of imperial governance licensed the brutal suppression of colonial rebellion Their reimagining of empire during the two world wars compromised decolonization In this brilliant work Priya Satia shows how these historians not only interpreted the major political events of their time but also shaped the future that followed From the imperial histories of John Stuart Mill and Winston Churchill to the works of anticolonial thinkers such as William Blake Mahatma Gandhi and E P Thompson Satia captures two opposing approaches to the discipline of history and illuminates the ethical universe that came with them Against the backdrop of enduring inequalities and a crisis in the humanities hers is an urgent moral voice
