Love by the Prompt: A Romance Writer's Guide to AI-Powered Writing

Rachelle Ayala, Romance writers take your romance writing to the next level with Artificial Intelligence and this guide from a USA Today Bestselling romance author of over 80 romance novels. Hi, I'm author Rachelle Ayala, a prolific author and writing coach with my Romance In A Month method, and I'm here to lead you through the wonderful world of AI Artificial Intelligence. I'll show you the importance of prompting and how to use detailed and guided prompts to leverage ChatGPT, OpenAI Playground, and Sudowrite to give you powerful results. I'll explain the upsides and drawbacks of AI programs and provide advice on how to maximize their capabilities. Need assistance brainstorming? With a few simple one-line prompts, I show you how to literally generate an unlimited number of unusual couple pairings with unique premises in any trope or sub-genre you want. Then I'll guide you through the steps necessary to add conflict and setting layer in extra information and even incorporate a subplot for intensified romantic tension. After settling on a concept or storyline, I'll explain how to develop a comprehensive outline. Then I'll give instructions on turning this outline into chapters and making ChatGPT, OpenAI Playground, or Sudowrite write the actual scenes in a brief period of time. Discovery writers or pantsers won't miss out either. I'll share methods to receive AI-generated suggestions, imagine new directions, or take an existing scene and reshape it with fresh ideas, imaginative twists, and creative expansions. You'll be amazed how I take a single paragraph of an opening scene and iteratively operate on it to transform the AI-created first draft into a coherent and engaging chapter. I also managed to get ChatGPT to write out a complete 14,000-word novelette from an outline of 21 chapters. It stayed consistent and logical and followed the story arc. From there, a writer could either manually fill in the gaps and enhance the story or feed it into Sudowrite for expansion, revision, tone shifts, adding detail, or enhancing emotions. INCLUDES REAL EXAMPLES. I've retained all the original output from ChatGPT, OpenAI Playground, and Sudowrite while holding your hand through prompt after prompt, explaining why I modified a prompt or reacting to the responses I got. I show you how to ask the AI tools to layer in more details, conflict, and twists, and even to ask ChatGPT how best to prompt it for the desired response. CATALOG OF TESTED PROMPTS. A long list of prompts is included to help you get on the ground and running. From there, you can tweak and change my prompts to suit your own story ideas, tropes, and genres. Everything is geared toward writing romance, including character development, plot points, and creating contrasting and compatible heroes and heroines. Contents of this

Challenging Stories Anne Burke, Ingrid Johnston, Angela Ward, 2017-07-31. How can Canadian educators begin to instill cultural sensitivity and social awareness in elementary and secondary school students? This vital text attempts to answer that question by bringing together literacy scholars and practicing teachers in a unique cross-Canadian exploration of children's literature and social justice. Through reflection on the experience of teaching with various Canadian texts, including picture books, novels, and graphic novels, the contributors behind *Challenging Stories* create a pedagogy of discomfort that will encourage both educators and their students to develop critical literacy skills. The compelling contributions to this collection highlight the complexities of teaching with texts that address issues of discrimination, historical marginalization, colonialism, racial and gender intolerance, sexual orientation, language, and cultural diversity. The authors offer first-hand insight into the possibilities and challenges of implementing curricular and pedagogical changes to promote equity and social justice in the classroom. Featuring the stories of participating teachers and an annotated bibliography of children's literature, this invaluable resource will prove to be essential reading for current and future educators.
