**Myth in the Modern Novel** Liisa Steinby,2023-03-20 Myth in the Modern Novel Imagining the Absolute posits a twofold thesis First although Modernity is regarded as an era dominated by science and rational thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature

**Retelling Stories, Framing Culture** John Stephens,Robyn McCallum,2013-01-11 What happens to traditional stories when they are retold in another time and cultural context and for a different audience This first of its kind study discusses Bible stories classical myths heroic legends Arthurian romances Robin Hood lore folk tales oriental tales and other stories derived from European cultures One chapter is devoted to various retellings of classics from Shakespeare to Wind in the Willows The authors offer a general theory of what motivates the retelling of stories and how stories express the aspirations of a society An important function of stories is to introduce children to a cultural heritage and to transmit a body of shared allusions and experiences that expresses a society s central values and assumptions However the cultural heritage may be modified through a pervasive tendency of retellings to produce socially conservative outcomes because of ethnocentric androcentric and class based assumptions in the source stories that persist into retellings Therefore some stories such as classical myths are particularly resistant to feminist reinterpretations for example while other types such as folktales are more malleable In examining such possibilities the book evaluates the processes of interpretation apparent in retellings Index included

Colavincenzo,2021-10-18 This study brings together three major areas of interest history postmodern fiction and myth Whereas neither history and postmodern fiction nor history and myth are strangers to one another postmodernism and myth are odd bedfellows For many critics postmodern thought with its resistance to metanarratives stands in direct and deliberate contrast to myth with its apparent tendency to explain the world by means of neat complete narratives There is a strain of postmodern Canadian historical fiction in which myth actually forms a complement not only to postmodernism s suspicion of master narratives but also to its privileging of those marginal and at times ignored areas of history The fourteen works of Canadian fiction considered demonstrate a doubled impulse which at first glance seems contradictory On the one hand they go about demythologizing in the Barthesian sense various elements of historical discourse exposing its authority as not simply a natural given but as a construct This includes the fact that the view of history portrayed in the fiction has been either underrepresented or suppressed by official historiography On the other hand the history is then re mythologized in that it becomes part of a pre existing myth its mythic elements are foregrounded myth and magic are woven into the narrative or it is portrayed as extraordinary in some way The result is an empowering of these histories for the future they are made larger than life and unforgettable International Companion Encyclopedia of Children's Literature Peter Hunt,2004-08-02 Children s literature continues to be one of the most rapidly expanding and exciting of interdisciplinary academic studies of interest to anyone concerned with literature education internationalism childhood or culture in general The second edition of Peter Hunt s bestselling International Companion Encyclopedia of Children s Literature offers comprehensive coverage of the subject across the world with substantial accessible articles by specialists and world ranking experts Almost everything is here from advanced theory to the latest practice from bibliographical research to working with books and children with special needs This edition has been expanded and includes over fifty new articles All of the other articles have been updated substantially revised or rewritten or have revised bibliographies New topics include Postcolonialism Comparative Studies Ancient Texts Contemporary Children s Rhymes and Folklore Contemporary Comics War Horror Series Fiction Film Creative Writing and Crossover literature The international section has been expanded to reflect world events and now includes separate articles on countries such as the Baltic states the Czech and Slovak Republics Iran Korea Mexico and Central America Slovenia and Taiwan **Snake Sisters and Ghost Daughters** Cathy Yue Wang,2023-08-29 Politics and paradigm shifts underlying contemporary retellings of fantastic traditional Chinese tales Contemporary Chinese film and literature often draw on time honored fantastical texts and tales which were founded in the milieu of patriarchy parental authority heteronormativity nationalism and anthropocentrism Author Cathy Yue Wang examines the processes by which modern authors and filmmakers reshape these traditional tales to develop new narratives that interrogate the ingrained patriarchal paradigm Through a rigorous analysis Wang delineates changes in both content and narrative that allow contemporary interpretations to reimagine the gender politics and contexts of the tales retold With a

broad transmedia approach and a nuanced understanding of intertextuality this work contributes to the ongoing negotiation in academic and popular discourse between past and present traditional and contemporary and text and reality in a globalized and postmodern world Snake Sisters and Ghost Daughters offers an engaging interdisciplinary investigation of issues at the heart of these traditional tales such as gender and status hierarchy marriage and family life and in group out group distinction Beyond the content of these individual stories Wang ties these narratives together across time using cognitive literary criticism especially affective narratology to shed new light on the adaptation of literary and cultural texts and their sociopolitical contexts

VISION and RE-VISION Beena. G, 2019-07-15 How different would mythological narratives be if women voiced their perspectives Amidst great wars superhuman heroes and their glorious victories is there a place for women Are great wars limited to armed conflicts between armies of men on the battlefields Do women have their own battles before after and beyond the confines of wars in the epic narratives of India Both the Ramayana and the Mahabharata have integrated into our social and cultural fabric and permeated into the myriad layers of life across genres and media It is a common practice to revisit mythological landscapes and realign the lenses to look at them afresh from different perspectives Re renderings often bring in multiple interpretations that are creative and critical adding variety and currency to the original narratives Vision and Re vision traces the lives of seven marginalized women from revisionist works against the central motif of war It follows the pursuits of Ganga Surpanakha Uruvi Sita Urmila Satyawati and Draupadi to understand their struggles and victories as women Analyzing textual spaces provided to women it explores their marginalized voices and their resistance patterns These in turn establish new narratives of subversion and reclaim the voices and identities of women from the margins A sound theoretical framework enables a comprehensive understanding of feminism and its distinct Indo centric identity
