White, 2017-05-16 A collection of excerpts from some of the best original science fiction short fiction published by Tor com Blast off into adventure with psychic powers half human revolutions haunted luxury spaceships murderous sentient robots and genetic experiments Check out excerpts from five short works that will be lighting up the stars this summer Starfire A Red Peace by Spencer Ellsworth The Ghost Line by Andrew Neil Gray and J S Herbison Acadie by Dave Hutchinson All Systems Red by Martha Wells Killing Gravity by Corey J White At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *Cultural Legal Studies of Science Fiction* Alex Green, Mitchell Travis, Kieran Tranter, 2024-10-28 This book presents and engages the world building capacity of legal theory through cultural legal studies of science and speculative fictions In these studies the contributors take seriously the legal world building of science and speculative fiction to reveal animate and critique legal wisdom juris prudence Following a common approach in cultural legal studies the contributors engage directly and in detail with specific cultural texts novels television films and video games in order to explore a range of possible legal futures The book is organized in three parts first the contextualisation of science and speculative fiction as jurisprudence second the temporality of law and legal theory and third the analysis of specific science and speculative fictions Throughout the contributors reveal the way in which law as nomos builds normative universes through the narration of a future This book will appeal to scholars and students with interests in legal theory cultural legal studies law and the humanities and law and literature New Dramaturgies of Contemporary Opera Jingyi Zhang, 2024-09-16 New Dramaturgies of Contemporary Opera is the first and only book that approaches the dramaturgy of contemporary opera from the unique perspectives of living practitioners composers librettists directors producers singers dramaturgs and administrators who provide valuable first hand insight into the coming into being of an opera today The edited collection captures the ethos of contemporary opera making in the global context and serves as a timely intervention in addressing the array of heterogenous dramaturgical practices that go into making an opera today in an era of flux The collection is split into four parts Part I presents the new dramaturgical considerations that the field is currently exploring Part II investigates the ways in which non Western cultures and perspectives can and have been represented Part III explores the roles of space nature and environment in contemporary opera and finally Part IV looks at the ways in which technology has intersected with the creation of contemporary opera With perspectives from practitioners throughout this collection is essential reading for advanced students researchers and scholars of contemporary opera as well as practicing dramaturgs in this field **Science Fiction Video Games** Neal Roger Tringham, 2014-09-10 Understand Video Games as Works of Science Fiction and Interactive Stories Science Fiction Video Games focuses on games that are part of the science fiction genre rather than set in magical milieux or exaggerated versions of our own world Unlike many existing

books and websites that cover some of the same material this book emphasizes critical a **Shakespearean Echoes** Kevin J. Wetmore Jr.,2015-05-07 Shakespearean Echoes assembles a global cast of established and emerging scholars to explore new connections between Shakespeare and contemporary culture reflecting the complexities and conflicts of Shakespeare s current international afterlife **How to Queer the World** Bo Ruberg,2025-04-22 What video games teach us about building a better world What does it mean to build a world Worldbuilding is traditionally understood as an expression of storytelling across media forms Yet as video games show us worldbuilding does not necessarily need to center narrative elements Instead new worlds can allow us to reimagine existing structures conventions and constants Doing so gives us the tools to queer the world around us How to Queer the World argues that video games provide us with keen insight into worldbuilding With these insights come a new understanding of the ever elusive ideals of queer worldmaking Video games challenge us to address how worlds are built through underlying systems rather than surface level representation They also offer opportunities to envision alternate and queer ways of living loving desiring and being Each of the chapters in this book presents a close reading of a video game that illustrates one way of building worlds and encoding them with meaning focusing on elements of digital media often overlooked as technical rather than cultural From the design of game mechanics and user interfaces to the use of graphics software and physics simulations Bo Ruberg argues that these aspects of video games represent a critical toolkit for seeing the work of worldbuilding differently in video games and beyond Simultaneously each of these video games models an approach to what Ruberg terms queer worldbuilding Queer worldbuilding radically remakes the world by destabilizing the fundamental logics of our own universe who we are what we can do how our bodies move and how we exist within time and space **George R.R. Martin's A Clash Of Kings: The Comic Book #8** George R. R. Martin,Landry Q. Walker,2018-02-07 George R R Martin s epic A Song of Ice and Fire series continues with this latest installment of A Clash of Kings *The Ultimate Guide to the Top 100 Science Fiction & Fantasy Books* Navneet Singh, Introduction Science fiction and fantasy transport us to other worlds explore alternate realities and push the boundaries of imagination Whether it s a futuristic dystopia a sprawling space adventure or an epic fantasy realm filled with magic these books ignite creativity inspire innovation and challenge our perception of reality This guide highlights 100 must read sci fi and fantasy books spanning timeless classics modern masterpieces and genre defining novels Whether you re a die hard fan a newcomer or looking for your next escape these books will take you on journeys beyond your wildest dreams *Historical Dictionary of Science Fiction in Literature* M. Keith Booker,2014-10-01 The Historical Dictionary of Science Fiction in Literature is a useful reference to the broad and burgeoning field of science fiction literature Science fiction literature has gained immensely in critical respect and attention while maintaining a broad readership However despite the fact that it is a rapidly changing field contemporary science fiction literature also maintains a strong sense of its connections to science fiction of the past which makes a historical reference of this sort particularly valuable as a tool for understanding science

fiction literature as it now exists and as it has evolved over the years The Historical Dictionary of Science Fiction in Literature covers the history of science fiction in literature through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries including significant people themes critical issues and the most significant genres that have formed science fiction literature This book is an excellent access point for students researchers and anyone wanting to know more about this subject
