Business Really Wants from IT Terry White, 2007-03-30 Business expectations of their IT departments are simple Deliver IT without fuss get involved in achieving business results and provide leadership But while business emphasis is on business results and leadership IT is focused on the technology How to get your IT Department to Add Real Value to Business presents a practical framework that defines the roles and activities for the CIO to meet business expectations It introduces a new approach to IT in large organizations which shifts the focus from day to day technological operations to three critical areas of performance for IT IT management business results and information leadership The concepts are simple and elegant but the implementation is increasingly demanding However these changes are essential if in house IT functions are to survive and

prosper in organizations The author s framework has already proven itself in changing business and IT perspectives significantly Large organisations have commenced the implementation process and are reporting significant results The book offers ground breaking perspectives on the role of IT in organisations These perspectives are finding favour with business and IT people alike The book offers practical and anecdotal examples and plans to assist in implementing the framework

Understanding Green Business Nik Tehrani,2011-05 Why Understanding Green Business With every new day society has become more aware of the increasing threats to the globe due to the non environmentally friendly practices that have been occurring in the previous years Due to the newfound awareness people have taken greater lengths to pass laws alter company policies and change their everyday lives to do their part in helping to preserve the environment and prevent any further damage Rather than taking the easy route and continuing their habits society is putting forth a consciousness effort to go out of their way to improve the environment in any way they can As a collective force the going green movement will better the environment and allow further generations to enjoy a clean and productive world How is Understanding Green Business structured Dr Tehrani and Dr Sinha dedicate each chapter to a different aspect of going green in this book such as products transportation networking research and energy alternatives In addition the authors discuss green careers and provide useful information on how to go about working at a green company The future of the green movement and its impacts are mentioned so as to provide a potential impact of current changes in the future It also shows a possible interpretation of how the future green movement shall be exercised Who is this book for This book has been created as the core textbook for Business professionals industry practitioners academicians and students who would like to hone their business skills and keep up with the latest trends in Green Business As a result Understanding Green Business will support students pursuing a master degree in MBA Certificate in Management or a Diploma in Management and or Business while undergraduate students in business programs
