

Understanding the Zip-Set mode

Zip-Set is the easiest way to set a light or an appliance to automatically turn on at sunset. Just set the phone area code where you live, make sure the Zip-Set mode is activated, and you're finished.

Zip-Set is pre-set to the 212 area code (New York City) time zone, so if you live in New York within the 212 area code, simply press the "Mode" button to "ZIP" and it will automatically turn on your lights or appliance at sunset and turn off after 6 hours. But if you live in another area code, please follow Zip-Set phone area code set up instructions.

Do not touch the time setting! It must always be set to the Default Preset Factory Time (NY - (212) local time) for the zip-set program to work.
