Colbert's America Sophia A. McClennen,2011-11-30 Is the comedy of Stephen Colbert simply fun or is it powerful political satire Does it entertain viewers or does it empower them Or does it teach us that in today s media saturated world those binaries make no sense Colbert s America claims that Colbert s satire fosters critical thinking about social issues encourages active citizenship and entertains the viewer all at the same time The first book to cover the various themes and features of Colbert s America offers readers insight into the powerful ways that Colbert s comedy challenges the cult of ignorance that has threatened meaningful public debate and social dialogue since 9 11 **Stephen Colbert** Catherine M. Andronik,2012-06-21 This book explores how comedian Stephen Colbert s satiric views of American life have captured the imagination of viewers around the world and sharpened these individuals own critical interpretations and opinions on current events Stephen Colbert may be just a comedian one not all audiences find funny especially among those who have been mercilessly lampooned by him but there is no arguing that the condescending bombastic and largely ignorant pundit he plays on Comedy Central has brought awareness of current events and political happenings to a substantially larger portion of the American population The only available biography on Stephen Colbert this book examines his life story and details how he became one of the most influential people on current American culture Beginning with coverage of Colbert s childhood the chapters discuss his education highlighting his interest in drama describe his introduction to the world of comedy review his contributions as a correspondent on The Daily Show with Jon Stewart and focus on Colbert s accomplishments and antics as the star of his faux news program that debuted in the fall of 2005 The Colbert Report *Stephen Colbert and Philosophy* Aaron Allen Schiller,2009 Stephen Colbert is a pop culture phenomenon More than one million people backed his fake candidacy in the 2008 U S presidential election on Facebook a testament to the set of issues and emotions Colbert brings to mind Each chapter is written by a philosopher and all focused on Colbert s reality from his word creations truthiness wikiality freem and others to his position as a faux pundit who openly mocks Fox News and CNN Although most of the discussion is centered on The Colbert Report this collection does not neglect either his best selling book I Am America And So Can You or

his public performances including his 2006 White House Press Correspondents Dinner speech From publisher description
America According to Colbert S. McClellenn,2011-11-30 America According to Colbert Satire as Public Pedagogy post 9
11 argues that in contrast to the anti intellectualism the sensationalism and the punditry that tend to govern most mass media today Stephen Colbert s program offers his audience the opportunity to understand the context through which most news is reported and to be critical of it *Off Script* Josh King,2016-04-26 Donald Trump won election as the 45th President of the United States by studying American political stagecraft and learning what helped previous candidates succeed and doomed others to failure A figure on the periphery of campaigns for decades he glided down the Trump Tower escalator on June 16 2015 declared his candidacy and took his place permanently as an actor in the country s greatest spectacle Twenty eight years earlier at the dawn of what Josh King calls The Age of Optics in OFF SCRIPT An Advance Man s Guide to White House Stagecraft Campaign Spectacle and Political Suicide Trump began to position himself for his eventual run for the Oval Office Pictured at the foot of that same gilded escalator he posed at the foot of that same escalator for a cover story profile in TIME magazine This Man May Turn You Green With Envy Or Just Turn You Off read the first part of TIME s headline in January 1989 Flaunting It is the Game and TRUMP is the name the headline concluded The cover story came just after Massachusetts Governor Mike Dukakis lost in a landslide to Vice President George H W Bush in part because Dukakis made the disastrous decision to ride in an M1A1 Abrams tank in Sterling Heights Michigan less than two months before the election Why did Dukakis make that ride and why was it so deadly Indeed in each election that followed why did George Bush Bob Dole Al Gore John Kerry John McCain and Mitt Romney make similar mistakes that cost them dearly at the polls These are the questions that Josh King answers in OFF SCRIPT King who served as Director of Production in Bill Clinton s White House and later was host of SiriusXM Satellite Radio s long running Polioptics The Theater of Politics brings readers on a wild ride over the last thirty years of the Age of Optics from Ronald Reagan s mastery of image to Barack Obama s Vanilla Presidency to ultimately the faceoff between Hillary Clinton and Trump As one of the White House s most creative advance men skilled at employing the tools to tell help tell the president s daily story and creating the scenes that the media can t resist turning into news packages and front page photos King pulls back the curtain on the behind the scenes alchemy of political stagecraft King s personal account in depth interviews and detail rich stories and his unique angle on what drives headlines makes news and wins elections will serve as an indispensable companion to those keeping a close eye on the Trump presidency [Through a Distorted Lens](#) Laura M. Nicosia,Rebecca A. Goldstein,2017-07-20 This volume examines what and how the media teach to and by whom and for what purpose in a rapidly shifting milieu of media content platforms and relations While intimately concerned with education authors move the discussion beyond the setting of formal schooling to uncover the ways in which the media contribute to individual and collective understandings of self and other and their relations to society and communities in which they move In doing so the text encourages readers to transcend exclusionary

discussions of citizenship to consider participation in local and global geographies against a neoliberal backdrop that marginalizes those unable to unwilling to and excluded from competing in the free market Contributors extend their deliberations back to formal school settings to reaffirm pedagogies that rediscover the reading of texts broadly defined in the world through multimodalities In this sense the text strives to be transdisciplinary and is appropriate for use in multiple disciplines and fields of study *Corruption, Accountability and Discretion* Nancy S. Lind, Cara E. Rabe-Hemp, 2017-10-25 This timely and insightful book provides the key elements needed to understand the nature and prevalence of corruption in public governance as well as the devastating public policy consequences **The Indecent Screen** Cynthia

Chris, 2019-01-07 The Indecent Screen explores clashes over indecency in broadcast television among U S based media advocates television professionals the Federal Communications Commission and TV audiences Cynthia Chris focuses on the decency debates during an approximately twenty year period since the Telecommunications Act of 1996 which in many ways restructured the media environment Simultaneously ever increasing channel capacity new forms of distribution and time shifting in the form of streaming and on demand viewing options radically changed how when and what we watch But instead of these innovations quelling concerns that TV networks were too often transmitting indecent material that was accessible to children complaints about indecency skyrocketed soon after the turn of the century Chris demonstrates that these clashes are significant battles over the role of family the role of government and the value of free speech in our lives arguing that an uncensored media is so imperative to the public good that we can and must endure the occasional indecent screen *Trump Was a Joke* Sophia A McClennen, 2023-03-24 Written by a scholar of satire and politics Trump Was a Joke explains why satire is an exceptional foil for absurd political times and why it did a particularly good job of making sense of Trump Covering a range of comedic interventions Trump Was a Joke analyzes why political satire is surprisingly effective at keeping us sane when politics is making us crazy Its goal is to highlight the unique power of political satire to encourage critical thinking foster civic action and further rational debate in moments of political hubris and hysteria The book has been endorsed by Bassem Youssef who has been referred to as the Jon Stewart of Egypt and Srdja Popovic author of Blueprint for Revolution who used satirical activism to bring down Serbian dictator Slobodan Milosevic With a foreword by award winning filmmaker satirist and activist Michael Moore this study will be of interest to readers who follow politics and enjoy political comedy and will appeal to the communications comedy studies media studies political science rhetoric cultural studies and American studies markets
