To receive maximum performance and satisfaction from your BTDL-trimmed lawnmower, it is important that you read and understand the maintenance and safety precautions, starting on page 3, before using your trimmable mower.

Contact your GTHL dealer or the GTHL distributor for your area if you do not understand any of the instructions in this manual.

Abstract

Because a trimmerhead burner is a high-speed rotating tool, some special safety precautions must be observed to reduce the risk of personal injury.

Careless or improper use may cause serious or even fatal injury. Make sure your unit is equipped with the proper deflector, handle and harness for the type of cutting attachment being used. Always wear proper eye protection. BTM's philosophy is to continuously improve all of its products. As a result, engineering changes and improvements are made frequently to time. If the operating characteristics or the appearance of your time-of-flight/cut-off differs from those described in this manual, please contact your BTM dealer for information and assistance.
