New Ground John R. Nolon, 2003. *New Ground: The Advent of Local Environmental Law* presents a collection of papers examining local environmental law and its strategic role in shaping an appropriate response to a new generation of environmental and land use challenges. Contributors are distinguished scholars and practitioners who have written casebooks and articles on land use and environmental law, served in federal, state, and local administrations or national bar and planning association committees, or prepared national treatises on the subject.

The Ultimate AndroidAQ Guide Rick Fluck. The Ultimate AndroidAQ Guide is an in-depth look into the techniques of data acquisition and process control using the parallel processing microcontroller on the AndroidAQ module. It teaches you sensing and electronic drive circuits and how to implement these circuits in programming languages like Android, LabVIEW, Java, and Python. The book also shows you how to leverage and use the menu command structure used in the AndroidAQ open source firmware for the many data acquisition tasks that are used in robotic and product design. Many examples are given to allow you to control your AndroidAQ module in ways other popular development modules can not via USB, Bluetooth, or Wi-Fi communication. It is a guide to help you make your next project be part of the Internet of Things.
