Pricing Insurance Risk Stephen J. Mildenhall, John A. Major, 2022-06-15 PRICING INSURANCE RISK A comprehensive framework for measuring valuing and managing risk Pricing Insurance Risk Theory and Practice delivers an accessible and authoritative account of how to determine the premium for a portfolio of non hedgeable insurance risks and how to allocate it fairly to each portfolio component The authors synthesize hundreds of academic research papers bringing to light little appreciated answers to fundamental questions about the relationships between insurance risk capital and premium They lean on their industry experience throughout to connect the theory to real world practice such as assessing the performance of business units evaluating risk transfer options and optimizing portfolio mix Readers will discover Definitions classifications and specifications of risk An in depth treatment of classical risk measures and premium calculation principles Properties of risk measures and their visualization A logical framework for spectral and coherent risk measures How risk measures for capital and pricing are distinct but interact Why the cost of capital not capital itself should be allocated The natural allocation method and how it unifies marginal and risk adjusted probability approaches Applications to reserve risk reinsurance asset risk franchise value and portfolio optimization Perfect for actuaries working in the non life or general insurance and reinsurance sectors Pricing Insurance Risk Theory and Practice is also an indispensable resource for banking and finance professionals as well as risk management professionals seeking insight into measuring the value of their efforts to mitigate transfer or bear nonsystematic risk

Killing Time Diarmuid Griffin, 2018-02-27 Little is known about life imprisonment and the process of releasing offenders back into the community in Ireland Addressing this scarcity of information Griffin s empirical study examines the legal and policy framework surrounding life imprisonment and parole Through an analysis of the rationales expressed by parole decision makers in the exercise of their discretionary power of release it is revealed that decision makers view public protection as central to the process However the risk of reoffending

features amidst an array of other factors that also influence parole outcomes including personal interpretations of the purposes of punishment public opinion and the political landscape within which parole operates The findings of this study are employed to provide a rationale for the upward trend in time served by life sentence prisoners prior to release in recent times With reform of parole now on the political agenda will a more formal process of release operate to constrain the increase in time served witnessed over the last number of decades or will the upward trajectory continue unabated
