The Spirit of Populism ,2021-11-08 Populism is a buzzword This compilation explores the significance of religion for the controversies stirred up by populist politics in European and American contexts in order to understand what lies behind the buzz Engaging Jewish Christian and Islamic political thought and theology contributions by more than twenty established and emerging scholars explore right wing and left wing protests offering critical interpretations and creative interventions for a polarized public square Both methodologically and thematically the compilation moves beyond essentialist definitions of religion encouraging a comparative approach to political theology today Ulrich Schmiedel and Joshua Ralston discuss their book on Brill s Humanities Matter podcast available on Spotify Apple Podcasts and Google Podcasts *Observations in Physick* Thomas Apperley,1731 *The Evangelical Repository* ,1867 **A Collection of Essays and Fugitiv Writings** Noah Webster,1790 **The Faith of the Millions** George Tyrrell,1902 **Theological Wordbook** John F. Walvoord,Donald Cambell,John A. Witmer,2000-10-17 Stimulating theology is an oxymoron for most people Theology sounds like something for the severely intellectual full of complicated ideas that escape the typical Christian reader In reality theology is meant to enhance our understanding of God Most of the words that make up the Christian vocabulary are common words drawn from the realities of life and therefore are easily applicable to real life Based on this premise four leading authors have come together to create this excellent volume The Theological Wordbook tackles tough words such as propitiation regeneration righteousness and predestination but it does so in a natural plain spoken manner designed to be enlightening rather than evasive Also literally dozens of words you are likely to use every day such as forgiveness mind peace rest family truth and guilt have profound biblical value Using The Theological Wordbook can enable you to more fully appreciate what the Bible teaches on these crucial topics and how each of these terms is relevant for life today As this happens your understanding of God will expand And as the words you use speak and hear in the community of faith become more familiar you will become more connected to your own spiritual heritage The Theological Wordbook is the link between understanding God s Word in your head and accepting it in your heart
