The Case for Reincarnation Brian Foster, 2015-06-03 You have lived multiple lives At times you have been rich poor a servant and a slave Maybe even a King or a Queen at the least a member of the minor nobility Many famous people in the past have believed in reincarnation such as Thomas Edison and Sir Arthur Conan Doyle They both believed in the spirit world and made attempts to communicate with the world beyond There is a realm a universe greater than ours and it is filled with intelligences that we can only wonder at There are spirits around the earth who are actively helping and guiding us in our planning and during our actual incarnations The Case for Reincarnation Your Path to Perfection is here to answer your questions 1 Why do we reincarnate 2 How does the process work 3 How many reincarnations must we have 4 What memories do we retain from our previous lives 5 Do we have control over our reincarnations 6 Why must we suffer 7 How may I insure my next life is better 8 How may I progress to being a perfected spirit **Light on the Path to Spiritual Perfection -**

Solutin, Many of us believe or being made to believe that the Bible is the complete and inerrant word of God As far as completeness is concerned that is not what the Bible is saying in John 21 25 of the New Testament It says that if all the works of the Son of God were written even the world cannot contain all the writings So the Bible itself honestly admits its own incompleteness As far as the Bible s being inerrant there are obvious errors in the English versions of today The books in the Bible were originally written in Hebrew in ancient time There have been a lot of changes in the Hebrew

language at the time of the translation to Latin and Greek That means the understanding of the translator could be affected by the culture of that time For example the Hebrew letters in ancient times were written in pictograph The letter hey for example is drawn like a man with arms raised The letter yad is drawn like a hand The word hayah still means exist today as in ancient times But in ancient times it is drawn as a man with arms raised a hand and a man with hands raised There is strong reason to believe that the word has something more profound to say in ancient times That is lost in the Hebrew language at the time of the translation Another example is the use of us and our in God s statement in Genesis chapter one Who was God talking to This is due to the fact that the word God was translated from the Hebrew word Elohim which is plural The singular is Eloha It is very obvious that the translation was influenced by the preconceived one god idea of the translator That renders the texts seemingly inconsistent Christian churches make their followers believe that their teachings and practices are consistent with what the Bible says This is not true most of the time Some even contradict the Bible
