Literature and Social Media Bronwen Thomas, 2020-01-31 From Instapoetry to BookTube contemporary literary cultures and practices are increasingly intertwined with social media In this lively and wide ranging study Bronwen Thomas explores how social media provides new ways of connecting with and rediscovering established literary works and authors while also facilitating the emergence of unique and distinctive forms of creative expression The book takes a 360 approach to the subject combining analysis of current forms and practices with an examination of how social media fosters ongoing collaborative discourse amongst both informal and formal literary networks and demonstrating how the participatory practices of social media have the potential to radically transform how literature is produced shared and circulated The first study of its kind to focus specifically on social media Literature and Social Media provides a timely and engaging account of the state of the art while interrogating the rhetoric that so often accompanies discussion of the new in this context

Feminism, Self-Presentation, and Pinterest Emily S. Johnson, 2020-06-26 Feminism Self Presentation and Pinterest The Labor of Wedding Planning argues that Pinterest which has been largely criticized for perpetuating vapid stereotypical gender roles is actually a dynamic digital curation tool that facilitates meaning making around the important cultural event of the Western wedding Emily S Johnson through a thorough examination of how aspiring brides use the platform to plan their weddings found that Pinterest is a unique platform that offers brides the opportunity to construct their own wedding identity by engaging in creativity and exercising voice and agency during planning Even if the content they are consuming does support tenets of patriarchy or gender roles brides are able to make their own choices rather than having their goals determined for them through societal or familial norms and expectations The platform integrates both the online and offline labors of wedding planning as brides create meaning through the curation process and connect with the self as they execute their planning Overall Johnson argues that far from the stereotypes of fantasizing about dream weddings and luxurious lifestyles that may be unrealistic Pinterest gives brides increased ability to make their own specialized vision come to life Scholars of women s studies gender studies communication media studies cultural studies and rhetoric will find this book particularly useful

Paul Dyson, 2025-07-10 The 2026 edition of firstwriter.com's annual directory for writers is the perfect book for anyone searching for literary agents book publishers or magazines It contains over 1 400 listings including revised and updated listings from the 2025 edition and over 200 brand new entries Finding the information you need is now quicker

and easier than ever before with multiple tables and a detailed index and unique paragraph numbers to help you get to the listings you're looking for. The variety of tables helps you navigate the listings in different ways and includes a Table of Authors which lists over 5 000 authors and tells you who represents them or who publishes them or both. The number of genres in the index has expanded to over 950. So for example while there was only one option for Romance in previous editions you can now narrow this down to Historical Romance Fantasy Romance Supernatural Paranormal Romance Contemporary Romance Diverse Romance Erotic Romance Feminist Romance Christian Romance or even Amish Romance. The new edition includes Over 600 literary agents and agencies Over 350 magazines and Over 400 publishers that don't charge fees. International markets become more accessible than ever with listings that cover both the main publishing centres of New York and London as well as markets in other English speaking countries. With more and more agents publishers and magazines accepting submissions online this international outlook is now more important than ever. There are no adverts no advertorials and no obscure listings padding out hundreds of pages. By including only what's important to writers contact details for literary agents publishers and magazines this directory is able to provide more listings than its competitors at a lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2027. This means you can get free access to the firstwriter.com website where you can find even more listings and also benefit from other features such as advanced searches daily email updates feedback from users about the markets featured saved searches competitions listings searchable personal notes and more. I know firsthand how lonely and dispiriting trying to find an agent and publisher can be. So it's great to find a resource like firstwriter.com that provides contacts advice and encouragement to aspiring writers. I've been recommending it for years now. Robin Wade literary agent at the Wade Doherty Literary Agency Ltd and long term firstwriter.com subscriber.
