Twitter Trending S 2025 Edition:

Safe Havens for Hate Tamar Mitts, 2025-03-04 Why efforts to moderate harmful content on social media fail to stop extremists Content moderation on social media has become one of the most daunting challenges of our time Nowhere is the need for action more urgent than in the fight against terrorism and extremism Yet despite mass content takedowns account suspensions and mounting pressure on technology companies to do more hate thrives online Safe Havens for Hate looks at how content moderation shapes the tactics of harmful content producers on a wide range of social media platforms Drawing on a wealth of original data on more than a hundred militant and hate organizations around the world Tamar Mitts shows how differing moderation standards across platforms create safe havens that allow these actors to organize launch campaigns and mobilize supporters She reveals how the structure of the information environment shapes the cross platform activity of extremist organizations and movements such as the Islamic State the Proud Boys the Oath Keepers and QAnon and highlights the need to consider the online ecosystem not just individual platforms when developing strategies to combat extremism Taking readers to the frontlines of the digital battleground where dangerous organizations operate Safe Havens for Hate sheds critical light on how governments and technology companies grapple with the tension between censorship and free speech when faced with violence hate and extremism

Communication, Science, Technology, and Innovation in Disaster Risk Management Swapan Talukdar, Ranit Chatterjee, Somnath Bera, Atish Prashar, Rajib Shaw, 2025-03-24 This book presents the three pillars of Disaster Risk Management DRM communication innovation and science and technology These three pillars are applied across five dimensions namely risk identification and reduction preparedness financial protection resilient recovery and risk informed investments in South Asia In the coming decades the region will experience rapid economic development and population growth which combined with the effects of climate change will increase the likelihood of being affected by hazards As hazards can negatively impact every sector of the economy and undo years of economic progress effective measures to reduce the risk must be incorporated into development plans and poverty reduction strategies Technological advances have opened up previously unimaginable opportunities to strengthen resilience and improve communications In the South Asia it has been experienced that the prevention of hazards and the development of emergency plans enabled by advances in communications and space technology can be much more successful and significantly costly effective than in the past The use of space technology in disaster monitoring early warning and emergency response and for response has shown remarkable efficiency New approaches to Disaster Risk Management DRM are becoming more available due to recent advances in space and communication technology This book focuses on the use and innovation of space technology and communication for DRM in two specific areas the Early Warning System EWS and the Disaster Information Management System DIMS

Singh, 2025-10-30 This volume constitutes revised selected papers of the Second International Conference on Recent Trends in Artificial Intelligence and IoT ICAII 2024 held in Jamshedpur India during October 25 26 2024 The 34 full papers presented in this volume were carefully reviewed and selected from 157 submissions They were grouped into the following topics Artificial Intelligence Internet of Things and Blockchain

The Responsibility to Protect, Second Edition Sonja Grover, 2025-02-26 This book presents the views of various international law and human rights experts on the contested meaning scope of application value and viability of R2P the principle of the Responsibility to Protect R2P R2P refers to the notion that the international community has a legal responsibility to protect civilians against the potential or ongoing occurrence of the mass atrocity crimes of genocide large scale war crimes ethnic cleansing and crimes against humanity R2P allows for intervention where the individual State is unable or unwilling to so protect its people or is in fact a

perpetrator The book also addresses the controversial issue of whether intervention by States implementing R2P with or without the endorsement of the United Nations Security Council constitutes a State act of aggression or instead is legally justified and not an infringement on the offending State's sovereign jurisdiction The adverse impact on global peace and security of the failure to protect civilians from mass atrocity crimes has put in stark relief the need to address anew the principle of responsibility to protect and the feasibility and wisdom of its application and this book is a significant contribution to that effort This second edition comes with an updated Introduction and a new Afterword making it an invaluable resource for scholars policymakers human rights advocates and students of law and international relations seeking to deepen their understanding of a principle that is vital to safeguarding human rights in our world today This book was originally published as a special issue of the International Journal of Human Rights [#EndSARS Social Movement](#)

Ukaiko A. Bitrus-Ojiambo, Oby Obyerodhyambo, Ayodele John Alonge, 2025-05-14 EndSARS was the most publicized and mediatized homegrown Nigerian youth protest of our times This book takes the reader inside the movement In each chapter authors reflect on and share from their perspective what happened The Soro Soke Speak it Loud slogan emboldened and unified the youth who were not about to be muted They wanted change to begin with them The voices shared come from the Nigerian South East and North from people of different backgrounds and identities who are educators students researchers librarians activists artists and much more The book includes historical perspectives about legacies of colonialism and violence and critiques from the other side of the continent namely Kenya including perspectives on media coverage or lack thereof of the EndSARS movement The writers imagine alternative ways of living in community Cartoon images throughout the book demonstrate the humanity and commonalities of experiences of African communities to engage power address punitive policing and seek social justice The use of poetry imagery and text invite the reader to listen as you read each of the chapters

Artificial Intelligence and Evaluation Steffen Bohni Nielsen, Francesco Mazzeo Rinaldi, Gustav Jakob Petersson, 2024-09-25 Artificial Intelligence and Evaluation Emerging Technologies and Their Implications for Evaluation is a groundbreaking exploration of how the landscape of program evaluation will be redefined by artificial intelligence and other emerging digital technologies In an era where digital technologies and artificial intelligence AI are rapidly evolving this book presents a pivotal resource for evaluators navigating the transformative intersection of their practice and cutting edge technology Addressing the dual dimensions of how evaluations are conducted and what is evaluated a roster of distinguished contributors illuminate the impact of AI on program evaluation methodologies Offering a discerning overview of various digital technologies their promises and perils they carefully dissect the implications for evaluative processes and debate how evaluators must be equipped with the requisite skills to harness the full potential of AI tools Further the book includes a number of compelling use cases demonstrating the tangible applications of AI in diverse evaluation scenarios The use cases range from the application of GIS data to advanced text analytics As such this book provides evaluators with inspirational

cases on how to apply AI in their practice as well as what pitfalls one must look out for Artificial Intelligence and Evaluation is an indispensable guide for evaluators seeking to not only adapt to but thrive in the dynamic landscape of evaluation practices reshaped by the advent of artificial intelligence *Social Media Law and Ethics* Jeremy Harris

Lipschultz, 2025-08-29 In this textbook social media professor Jeremy Harris Lipschultz introduces students to the study of social media law and ethics integrating legal concepts and ethical theories This second edition explores freedom of expression as it applies to students media industry professionals content creators and audience members Key issues and practices covered include copyright law data privacy defamation global law and ethics generative AI government censorship social media platform rules and employer policies The book also addresses the U S government's TikTok law and other recent regulations Research techniques are also used to suggest future trends in social media law and ethics Touching on themes and topics of significant contemporary relevance this accessible textbook can be used in standalone law and ethics courses as well as emerging social media courses that are disrupting traditional public relations advertising marketing and journalism curricula Case studies discussion questions and online resources help students engage with the practicalities complexities and ambiguities of this future oriented area of media law making this an ideal textbook for students of media law policy and ethics mass media and communication studies
