and Statistics - A Summary International Monetary Fund. Statistics Dept.,2003-10-28 NULL **Investment Aftercare**

Explained Carolina Arriagada Peters,David Coble,Toby X. Li,Brendan Lewis,2021-11-29 This book is the first to systematically map the last step of the foreign investor s journey usually referred to as post investment aftercare or business retention and expansion It provides a wide range of approaches and strategies for host economies to better retain foreign investors encourage follow on expansions and achieve greater local economic embeddedness through a multi stakeholder dialogue leading to improvement of the overall business climate Global foreign direct investments reached US 1 5 trillion in 2019 but this figure reduced by over 42% in 2020 due to the pandemic Against this backdrop retaining established investors became even more important Numerous organisations all over the world are dedicated to attracting foreign companies to invest in their markets Facilitating this effort is a dynamic and competitive industry that involves international organisations supporting capacity building think tanks academia and consultants However once foreign companies decide to invest a critical question arises how can host economies grow and retain these foreign investments Many host governments could do much better as there is very little post investment support for these foreign companies to help them grow their businesses throughout different stages of investment business and economic cycles This is where aftercare comes in In this book the authors include diverse examples from around the world to demonstrate aftercare best practices in action This book is an essential read for all public administration staff related to FDI attraction and promotion practitioners in the private sector and FDI consultants It will also be of great interest to multilateral organisations seeking to organise seminars and training courses for capacity building The book will also benefit researchers academics and postgraduate students of international relations foreign trade and internationalisation For further information see www.aftercareexplained.com **World**

Investment Report 2024 United Nations Conference on Trade and Development (UNCTAD),2024-06-24 Business and investment facilitation have become central to both private sector development and FDI attraction efforts of governments in

developing countries At the core are information provision transparency of rules and regulations and streamlining of administrative procedures Because these elements are information and procedures based digitalization is central to effective implementation They have thus led to a wave of digital government initiatives including information portals and online single windows Digital government has the potential to address many institutional challenges faced in developing countries strengthening governance reducing costs improving services and combating corruption Because governance and institutional weaknesses are a key obstacle to attracting investment in many developing countries digital government and the promotion of investment for sustainable development are closely intertwined
