A Spiritual Portrait of a Believer Chet Cataldo, 2010-02-19 The focus of this study is to discover the identity of the emphatic I of Rom 7 with the added purpose of attempting to draw a spiritual portrait of a mature Christian believer To accomplish this purpose the process is as follows An examination of Rom 7 within its context is conducted This examination is followed by an attempt at determining the experience of the emphatic I found within Rom 7 The next step in the process is to compare the experience of the emphatic I of Rom 7 as found within its context of Rom 1 8 with what Paul wrote elsewhere on the experience of new life in Christ for Christian believers The purpose of this comparison is to discover if Paul had a consistent portrait of spirituality and Christian maturity The final step is to compare the experience described by Paul both in Rom 7 and in the wider Pauline Corpus with the experience which John Wesley called perfection and with the Mystical experience called the spiritual marriage The study of Romans Wesley and the Mystics coupled with the wider study of the secondary literature showed that there is a remarkable consistency in the teaching and understanding that the closer a Christian believer gets to God the more this Christian believer is aware of his or her own sinfulness Paul in describing the experience of the emphatic I is describing a person who is becoming more and more aware of his or her own sinfulness The conclusion to be drawn from this study is that the identity of the empathic I is of a regenerate Christian believer one who is growing ever closer and closer to God and at the same time is in pain over the remaining effects of sin

Jung's Quest for Wholeness

Curtis D. Smith,1990-01-01 Here is a unique analysis of Carl Jung s thought from the perspective of the history of religions Using a religious and historical approach the author identifies the religious goal or ultimate concern of Jung s psychological system and traces the evolution of that goal throughout his Collected Works This book focuses on the historical development of a key component of Jung s thought the quest for wholeness and shows how it functions as the ultimate concern of his psychotherapeutic system The relationships among many of Jung s important concepts such as his complex theory the individuation process archetypal symbolism therapeutic concerns alchemy and Eastern religions are given a new sense of order and significance when viewed in this historical light Rather than presenting a haphazard array of seemingly endless topics this work emphasizes the continuity underlying Jung s early and later writings The evolution of Jung s work is divided into three distinct phases developmental formative and elaborative Whereas the developmental period consists of the time prior to the creation of Jung s ultimate concern it was during the formative phase that Jung began to consolidate the contours of his newly emerging system During the elaborative phase Jung expanded and clarified his ultimate concern and pattern of ultimacy This book shows that the evolution of Jung s thought moved from a concern with psychic fragmentation to individual wholeness and then to cosmic unity **Teresa of Jesus: Woman, Prophet, Mystic** María Rosaura González Casas,

S.T.J.,2020-11-13 St Teresa of vila was above all a woman who searched for an encounter with God and her search was not in vain Once she encountered God she wanted nothing more than to put him at the center of her life and proclaim his greatness Teresa s objective in writing was to teach her nuns the way of prayer utilizing her own systematized experience As a woman writer Teresa had to confront misogynistic forces by unmasking them down to their very roots As a skilled teacher of the spiritual life Teresa knew how to spot inner resistances and movements to listen to and follow God s call At the same time she considered the inner dynamics that generate the process of relationship with God making her writing a sixteenth century treatment of psychology In her feminine humanity Teresa supports a relational perspective Teresa of Jesus Woman Prophet Mystic considers how relationships can act as a point of encounter and dialogue between the spiritual life and psychology In the first part Sister Mar a Rosaura reveals St Teresa s feminine humanity by studying her life within her sixteenth century historical context The second part turns to Teresa s masterwork The Interior Castle and analyzes the union between the soul and God from Teresa s feminine relational perspective established in the first part By drawing close to Teresa s life this book enables readers to drink from a spiritual fount that always yields fresh water **From Wreck to Wonderful Wholeness**
